

# FIL BULLETIN

Nr. 69

Dear friends of our sport,

I would like to inform you below about important decisions of the FIL Executive Board at its meetings in Innsbruck / AUT and Ljubljana / SLO as well as resolutions of the 67th FIL Congress 2019 in Ljubljana:

## **For the area of sport (artificial track and natural track):**

**At the recommendation of the TC AT, the following measurements are set for the 2019/20 season (unchanged from last year):**

**Pressure measurement runner/steel, runner, bridge-box**

**bias: 2Nm**

**measurement pressure: 7Nm**

**maximum value: 1 mm**

**Pressure measurement steels-screws/bolts-box**

**bias: 1Nm**

**measurement pressure: 3Nm**

**maximum value: 1 mm**

**The Executive Board awards the 2020 Continental Championships (race in race mode) as follows:**

- **51st FIL European Championships 2020 in Lillehammer/NOR**
- **9th America Pacific Championships 2019/20 in Whistler/CAN**
- **41st FIL Junior European Championships 2020 in Winterberg/GER**
- **9th Junior America Pacific Championships 2019/20 in Park City/USA**

**The Executive Board awards the 2020 European Championships on Natural Track to the Russian Luge Federation with Moscow as the venue.**

**The Executive Board approves the expansion of doubles pairs eligible to participate in the junior class to a maximum of 5 (3 men's pairs, 2 women's pairs) for the 2019/20 season.**

**The Executive Board approves the test introduction of a U23 ranking at the 2019/2020 Continental Championships on Artificial Track.**

**The Executive Board agrees to a test change of the pursuit race (natural track). Details can be found in **enclosure 1**.**

Regarding the doubles standard sled the following resolutions were made at the recommendation of the Technical Commission Artificial Track:

**The Executive Board approves the urgent motion from the Technical Commission on IRO § 5 Pt.1.3.3.1. **(enclosure 2)****

**The Executive Board approves the urgent motion from the Technical Commission on IRO § 5 Pt.1.3.4 **(enclosure 3)**.**

**The confirmed event schedule AT and NT for the 2019/20 season can be found in **enclosures 4-6**.**

**The FIL's transport and travel allowances for participating in the artificial track and natural track events were approved for the 2019/20 season **(see enclosure 7)**.**

**In the area of artificial track, the size and color of the advertising space must be sent electronically to the Technical Director for review and approval by 31 August of each sports year (eigentler@fil-luge.org).** If submitted on time and the advertising space is compliant, written approval will be issued.

Please note in turn also the **new regulation of the advertising rights artificial track and natural track** (IRO §7, **enclosure 8**), which was decided by the 2018 congress.

By secret ballot, the members of the Executive Board chose the **winners and places in the 2019/20 poster competition** as follows:

<i>1st place</i>	<i>Natural Track World Cup Kühtai/AUT</i>
<i>2nd place</i>	<i>FIL WCh Artificial Track Winterberg/GER</i>
<i>3rd place</i>	<i>Natural Track World Cup Moscow/RUS</i>

The Executive Board admitted **KUWAIT** **as a provisional member** of the FIL.

The FIL Fair Play Prize was awarded by the Executive Board to Chris Bochnovich / USA. Mr. Bochnovich, himself a former luger, spontaneously took care of an acutely ill junior luge athlete from Bulgaria and the rest of the Bulgarian junior team in Park City in an exceptionally helpful manner.

The **67th FIL Congress in Ljubljana** was attended by delegates from 34 national federations. Thanks go to the Slovenian federation for the excellent organization and the enjoyable side program!

In **his congress report, President Josef Fendt** addressed, among other things, the following topics:

- The FIL must focus more on issues that are not directly related to sports (good governance, gender equality, WADA requirements).
- Anti-doping matters of the FIL were partially outsourced to the International Testing Agency (ITA).
- "Gender Equality" also entails an equaling of the number of participants in the singles discipline at the 2022 OWG in Beijing/CHN: 35 women/35 men
- Again very high level of FIL luge events on KB and NB, good TV, live streaming and social media results for the past season.
- Surprisingly pleasing development in women's doubles, great interest from young people in this new discipline (Youth Olympic premiere 2020 in St. Moritz). The standard doubles sled developed for this purpose has already proven itself.
- The continued use of our Olympic tracks has always been a big concern of the FIL. Efforts are being made regarding the re-commissioning of the track in PyeongChang / KOR and Nagano / JPN, the track in Sarajevo / BIH is being renovated with public support.
- The natural track area has developed well athletically but has been without a main sponsor for 2 years. This despite considerable effort on the part of the FIL, such as financing the TV productions of the World Cup races and championships. An agency will now seek the sponsorship acquisition.

**Secretary General Einars Fogelis**, in his first speech to the FIL Congress in this function, underlined the importance of good cooperation between the FIL and the international sports world. In particular, the cooperation of the FIL with the IOC, the other Olympic winter sports federations, with the WADA and ITA was addressed here.

**Vice President Harald Steyrer** was once again able to present to the delegates of the congress an annual report that reflected **strict adherence to the stipulated requirements**. The lower expenses were mainly due to the lower number of participants in the various FIL competitions.

After unanimous approval of the annual budget for 2018/19 and reading the audit report, the Executive Board was released by the congress.

At the presentation of the 2019/20 annual budget, Harald Steyrer again pointed out that the annual budget outflow must be reduced to ensure a balanced 4-year period. Otherwise, the financial reserves of the FIL will be used up in a few years. Corresponding countermeasures have already been initiated in the 2019/20 budget.

During the congress, meritorious officials of the sport of luge were awarded the FIL Medal of Honor by President J. Fendt and Secretary General E. Fogelis:  
awarded with the decoration of the FIL:

**Bronze:**

- ° Borut FEJFAR/SLO
- ° Viljem RAKOVEC/SLO
- ° Štefan ZADRAVEC/SLO
- ° Reto GILLY/SUI
- ° Norbert LOCH/GER
- ° Käthi MAAG/SUI
- ° Heinz KOCHER/SUI
- ° Gunta RUTKASTE/LAT
- ° Raimonds BEBRIS/LAT
- ° Rastislav Dražna / SVK
- ° Ján Harniš /SVK
- ° Walter Marx Jr. /SVK
- ° Dušan Gerdelán /SVK

**Silver:**

- ° Doris SCHENKEL/SUI
- ° Edi SCHÄRER/SUI
- ° Andris SVALBE/LAT
- ° Normunds GRAVA/LAT

**Gold:**

- ° Björn DYRDAHL/NOR

**Gold with Diamond:**

- ° Svein Romstad/USA

For his 25 years of service as President of the FIL, Josef Fendt received a certificate of honor.

For his 30 years of service as a FIL Executive Board member, Geoff Balme received a certificate of honor.

For his 25 years of service as a FIL Executive Board member, Einar Fogelis received a certificate of honor.

Armin Zöggeler was admitted into the FIL Hall of Fame as one of the most successful luge athletes.

Thomas SCHWAB was elected FIL Vice President of Marketing. He is therefore a new member of the Executive Board.

### FIL Championships:

- The **2021 World Championships on Artificial Track** will take place at the request of the Canadian luge federation in **WHISTLER** and not in Calgary. The FIL Congress approved this relocation of the venue.
- The **2023 World Championships on Artificial Track** were awarded by the Congress to the Bob- und Schlittenverband Deutschland (BSD) with **Oberhof** as the venue.

### **In closing, further important information:**

Concerning **transport in the artificial track sector to North America**, our logistics partner CONCEPTUM is sending us an offer.

Concerning **transport in the artificial track sector to Sochi to the ITW and World Championships and back to Germany**, a charter flight has been organized by the Russian luge federation.

Cost per person (including sled transport): € 400.--

More information on these transport offers will follow.

We would like to bring your attention to the **letter from Technical Commission Artificial Track on race shoes** with the **updated wearing guidelines** (enclosure 9), the race shoes with year of production 2018 are now also further permitted in the general class. Please see as well as the memo from the Technical Commission Artificial Track on the subject of **standard sled doubles** (enclosure 10).

For current reasons, we would like to draw your attention to the unchanged valid guidelines for **re-lacquering UVEX protective helmets** (enclosure 11).

As already described last year, the **European Union's General Data Protection Regulation** (EU GDPR), which came into effect in May 2018, also has a significant influence on the FIL and its member federations as well as on all those affiliated with the FIL in some way.

Unfortunately, an **updated data protection policy** for the athletes will be inevitable for the coming season. This update became necessary due to WADA requirements. **This data protection statement must be signed by the athlete or, in the case of a minor, by the parent or legal guardian before entering into a FIL competition.** Further information will be provided shortly.

The IOC recently gave us the **advertising guidelines "Rule 50" for the Youth Olympic Games (YOG) in Lausanne-ST. Moritz / SUI** (enclosure 12). We urge you to observe and comply with these requirements.

Through your National Olympic NOC there is also the opportunity to have your designs reviewed and approved in advance by the IOC. Please use this option to avoid discrepancies during the Youth Olympic Games.

Likewise, just a few days ago, we received a letter from IOC Solidarity regarding the **support program for athletes in preparation for the 2022 Winter Olympic Games in Beijing / CHN (enclosure 13)**. We urge our national associations to **contact their National Olympic Committees as soon as possible** - applications for this program must be made by the NOCs.

The FIL is required under the FIL (WADA) Anti-Doping Code to notify its **member federations of compliance with the anti-doping rules** in their policies and to check these.

I also ask the member federations to **return a signed copy of enclosure 14** to the FIL Office - Diana Springl (springl@fil-luge.org), **including the related association regulations** and / or the relevant decision of the federation body responsible to prove implementation.

As always, we ask you to **inform us when athletes have ended their careers**. This information is required for online registration, anti-doping matters, the FIL Media Guide, and the FIL website.

In this context, we would like to ask again for your cooperation in **updating the FIL Media Guide**. In the near future, a separate memo will be sent to you.

Last but not least, the current **distribution of tasks of the FIL office staff** for your information:

**Babett Wegscheider:**

Deputy Executive Director, marketing and advertising, contact for event organizers of FIL competitions, FIL website, FIL Magazine, FIL Media Guide

**Erika Votz:**

Area of artificial track including development program and NF support, vehicles, insurance matters, congress preparation

**Anja Fischer:**

Area of natural track including development program and NF support, FIL licenses, accreditation/online registration, assistance in the organization of travel, and meetings

**Britt Nielsen-Hurmann:**

Translations, IRO artificial + natural track, support in visa applications

**Diana Springl:**

Anti-Doping matters, team assistant

We wish you nice and relaxing summer months and a good preparation time for the 2019/20 luge season!

Best regards

A handwritten signature in blue ink, appearing to read 'Schweiger', with a stylized flourish at the end.

Christoph Schweiger  
Executive Director

# Amendment 2019

☐ Artificial Track    ☒ Natural Track

**Applicant: Commission**

**IRO § 10**

**Motion No. 1**

## **Motion:**

**The starting order in the pursuit race results from the times of qualification, § 10 1.9.1 and is set in a grid.**

**The Commission proposes using the grid of the parallel race for the test in the 2019/2020 season § 10 1.8.2**

**The necessary organizational adjustments are to be incorporated into the staging regulations to be worked out for the pursuit race.**

Enclosure 1: grid old                  enclosure 2: grid new same as parallel competition

## **Reason:**

During the test of the pursuit race in the 2018/2019 season we realized that the creation of the grid, which regulates the starting order after the qualification, takes a lot of time.

## **Based on the change(s), which sections are to be supplemented?**

## Motion to amend Supplement 6 of the 2018 IRO

X Artificial Track    ☐ Natural Track

**Applicant: Technical Commission**

**IRO § 5 Pt.1.3.3.1**

**Motion No. 01**

### Old text:

### New Text:

#### 1.3.3.1 Bridge box

- The runner with the steel may not be wider than 50 mm and higher than 95 mm.

### Reason:

The presentation of the Youth A women's doubles at the 2020 YOG has very high priority. For this reason, the TC proposes the above rule change in Supplement 6 of the 2018 IRO.

This change allows the athlete to use the maximal height of the runner of 30 mm (IRO 2018 § 5 Pt. 1.3.5).

### Based on the change(s), which sections are to be supplemented?

none

## Motion to amend Supplement 6 of the 2018 IRO

X Artificial Track    ☐ Natural Track

**Applicant: Technical Commission**

**IRO § 5 Pt.1.3.4**

**Motion No. 02**

### Old text:

#### **1.3. Women's Doubles bridges**

- The original bridges must be used.
- The distance between the runners must measure 415 to 450 mm.
- The connection between the pod and the bridges may not be changed. However, various inserts with the same measurements can be used to adjust hardness.
- The connection between bridges and runners may not be changed. However, various hardnesses with the same measurements (rubber inserts that cover the bridge foot) can be used.

### New Text:

#### **1.3. Women's Doubles bridges**

- The original bridges must be used.
- The distance between the runners must measure 415 to 450 mm.
- ~~The connection between the pod and the bridges may not be changed. However, various inserts with the same measurements can be used to adjust hardness.~~
- The front seat pod mount may not be changed.
- The rear seat pod mount can be individually adjusted.
- The connection between the pod and the bridges may not be changed. However, various inserts with the same measurements can be used to adjust hardness.
- The connection between bridges and runners may not be changed. However, various hardnesses with the same measurements (rubber inserts that cover the bridge foot) can be used.

### Reason:

The presentation of the Youth A women's doubles at the 2020 YOG has very high priority. For this reason, the TC proposes the above clarification in Supplement 6 of the 2018 IRO.  
This change achieve better "steering qualities" of the standard sled.

### Based on the change(s), which sections are to be supplemented?

none

*Viessmann World Cups (North America, Europe), Junior/Youth- A World Cups in Europe: For participation in only one competition in overseas, one will get only 1/2 of the support.*

ca. / approx. € 190.000,--
----------------------------

<b>Gesamt / Total:</b>	<b>€ 300.000,--</b>
<b>Budget</b>	<b>€ 300.000,--</b>

**Generell gilt:**

**Alle Flugkostenzuschüsse werden erst nach Vorlage der tatsächlichen Kosten ausbezahlt.**

***The general rule:***

***All travel allowances will only be paid after presentation of the actual costs.***

## § 7 Advertising Regulations ARTIFICIAL TRACK

### 1. Applicability, Measuring Procedure, Approval of Advertising Surfaces, Inspections

#### 1.1 Applicability

- a) All these regulations are valid during FIL competitions as well as for media and PR activities within the scope of FIL competitions and are applicable to athletes and officials.
- b) The respective NF is responsible for complying with the advertising regulations (§7) and are applicable to athletes and officials.

#### 1.2 Measuring Procedure

- a) A rectangle is used to calculate the size of the advertising surface. The width (A) and height (B) of the trademark determine the sides of the rectangle.
- b) If the trademark is integrated within an area of different color, the total area of the different color is to be measured.

- c) The trademarks on the clothing will be measured when the clothing is not being worn.

#### 1.3 Approval of Advertising Surfaces

By August 31 of each sport year, the layout of all advertising in its original shape, size and color has to be submitted electronically to the Technical Director for inspection and approval. In case of timely submission and compliance with the rules, written approval is issued.

#### 1.4. Inspections of the Advertising Surfaces

At FIL competitions the Technical Delegates are authorized to initiate inspections of the advertising surfaces any time.

In case of violations of the advertising rules a disqualification may be issued by the race director.

### 2. Sizes of Advertising Surfaces

#### 2.1 Race Clothing and other Clothing worn at the Field of Play

- a) Articles of clothing may carry manufacturers' identifications and/or trademarks of other sponsors.
- b) The total surface of the trademarks together on the clothing (except head coverings, gloves and shoes) of one person shall not exceed 600 sq cm.
- c) The complete surface can be divided into eleven parts at the most.
- d) The complete surface of a single part may not exceed 200 sq cm.
- e) Trademarks of the same sponsor may not appear one above the other or one beside the other.
- f) The use of a manufacturer's specific graphic design - even though this design may also be registered - will not be counted as advertising spaces.

## 2.2 **Safety Helmet**

- The safety helmet may display two (2) trademarks of the manufacturer with a maximum size of 15 sq cm, one each side, placed over the ears.
- The advertising surface on the front of helmets may only be used by the FIL 70 sq cm).
- If the FIL transfers this advertising surface to the National Federations the branch exclusivity of the FIL main sponsors has to be respected.
- It is permitted to wear a national emblem on the helmet (max. 30 sq cm) and also the name of the athlete (maximum twice, height of the writing maximum each 15 mm) at the back of the helmet without obstructing the official FIL advertising.

## 2.3 **Visor**

- Visor straps have to conform to commercially available products.
- The width of the visor strap is limited to 4 cm.

## 2.4 **Caps, Headbands, and other Headgear**

Caps, headbands, and other headgear may each have a maximum of three (3) trademarks of the manufacturer and/or other sponsors, with a total surface of 90 sq cm maximum.

## 2.5 **Start Numbers**

- Advertising inscriptions on start numbers are permitted. These may only be used by the FIL.
- During FIL Championships and World Cups of the General Class, the start number bibs provided by the FIL have to be worn during the official training.

## 2.6 **Luge Shoe**

- The trademarks can be divided in two parts. The advertising surface on the luge shoes may only be used by the FIL.

## 2.7 **Gloves**

- Gloves may only show one manufacturer's trademark on each glove.
- The marking can be divided into two parts.
- The total surface of the commercial marking per glove is limited to 15 sq cm.

## 2.8 **Racing Sled**

- On the entire sled, in addition to the manufacturer's trademark, a maximum of six commercial markings may be displayed; maximum of three trademarks on the bottom of the sled.
- The size of the advertising surface on the bottom of the sled may not exceed 1000 sq cm.

**3. Athlete**

Advertising with athletes is only allowed with permission of the National Federation responsible. Name, title, and picture of the athletes can only be used once for each advertisement.

**4. Forbidden Advertisement**

Provided there are no stricter national laws, following advertisement is prohibited:

1. on the athlete and sled: advertising for tobacco, illegal drugs or alcohol.  
Exception: advertising for non-alcoholic beer and, regarding athletes of age (18), advertising for products with an alcohol percentage of less than 10 %.
2. at the sports venue and on bibs: advertising for tobacco, illegal drugs or products with an alcohol percentage of more than 10 %. The FIL Executive Board can allow an exception of this prohibition following a request from the event organizer or the venue operator.
3. advertising conveying religious, racial or any other discrimination.

## § 7 Advertising NATURAL TRACK

### 1. Applicability, Measuring Procedure, Inspections

#### 1.1 **Applicability**

All these regulations are in force during FIL competitions, as well as for media and PR activities within the scope of FIL competitions and apply for athletes and officials. The respective NF is responsible for the compliance with the advertising regulations (§7).

#### 1.2 **Measuring Procedure**

A rectangle is used to calculate the size of the advertising surface. The width (A) and height (B) of the trademark determine the sides of the rectangle.

If the trademark is integrated within an area of different color, the total area of the different color is to be measured.

The markings on the clothing will be measured when the clothing is not worn.

#### 1.3 **Inspections of the Advertising Surfaces**

At FIL competitions the Technical Delegates are authorized to initiate inspections of the advertising surfaces at any time.

In case of violations of the advertising rules a disqualification may be issued by the race director.

### 2. Size of Advertising Surfaces

#### 2.1 **Race Clothing and other Clothing worn at the Field of Play**

Articles of clothing may carry manufacturers' identifications and/or trademarks of other sponsors.

The total surface area of all trademarks on the clothing (except head coverings, gloves, and shoes) of one person shall not exceed 600 sq cm.

The complete surface can be divided into 11 parts at the most.

The complete surface of a single part may not exceed 200 sq cm.

The trademarks of the same sponsor may not appear one above the other or one beside the other. The NFs may decide the placing of the trademarks.

#### 2.2 **Safety Helmets**

Athletes' safety helmets may display two (2) trademarks of the manufacturer with a maximum size of 15 sq cm, one each side, placed over the ears.

The advertising surface on the front of helmets may only be used by the FIL (70 sq cm).

A national emblem (max. 30 sq cm) and the name of the athlete (maximum twice and the height of the lettering is limited to a maximum of 15 mm) are permitted on the helmet when they are not obstructing the official FIL advertising.

#### 2.3 **Goggles**

Goggle straps shall correspond to the commercially available design.

The width of a goggle's strap shall not measure more than 4 cm.

In the case of double straps, only one strap may carry the trademark.

**2.4 Caps, Headbands and other Headgear**

Caps, headbands and other headgear may each have a maximum of three (3) trademarks of the manufacturer and/or other sponsors, with a maximum total surface of 100 sq cm.

**2.5 Start Numbers**

Advertising labels on start number bibs are permitted. These may only be used by the FIL.

In doubles competition, both athletes shall wear start numbers.

During FIL Championships of the general class and during WCs, the start number bibs provided by the FIL sponsor have to be worn during the official training as well.

**2.6 Racing Shoes**

Racing shoes may only show one manufacturer's trademark on each shoe.

The size and quantity of the manufacturer's logo on the shoe must not exceed the size and quantity of a product which is publicly available.

**2.7 Gloves**

Gloves may only show one manufacturer's trademark on each glove, size 15 sq cm.

The trademark can be divided into two parts.

**2.8 Sled**

In addition to the manufacturer's trademark, a maximum of (six) 6 commercial trademarks may be displayed on the entire sled, of which a maximum of (two) 2 trademarks may be displayed on the bottom of the seat mat.

The size of the advertising surface on the bottom of the seat mat may not exceed 1000 sq cm.

**3. Athlete**

Advertising with athletes is only allowed with the permission of the responsible NF.

The name, title and picture from the athletes can only be used once for each advertisement.

**4 Forbidden Advertising**

Provided there are no stricter national laws, following advertisement is prohibited:

1. on the athlete and sled: advertising for tobacco, illegal drugs or alcohol.  
Exception: advertising for non-alcoholic beer and, regarding athletes of age (18), advertising for products with an alcoholic percentage of less than 10 %.
2. at the sports venue and on bibs: advertising for tobacco, illegal drugs or products with an alcoholic percentage of more than 10 %. The FIL Executive Board can allow an exception of this prohibition following a request from the event organizer or the venue operator.
3. advertising conveying religious, racial or any other discrimination.

## **Guidelines for luge shoes training / competition** **at FIL competitions General, Junior, and Youth A classes**

### **V2-2019**

1. Every athlete participating in a FIL competition must wear the FIL approved luge race shoes.
2. Approved models:

Age group	Training	Competition
General class	GTS Training 2019, GTS 2018 GTS Race 2019	GTS Race 2019 GTS 2018
Juniors, Youth A	GTS Training 2019, GTS Race 2018, GTS Race 2019	GTS Race 2019, GTS 2018

3. These may not be modified.
4. Any taping of the race shoes is forbidden (except for damaged areas, which must be approved by the TD).
5. Any stretching devices at, in, and outside of the body of the shoe are prohibited.
6. This is also valid for any attachments (e.g. bandages, tape, straps etc.) on the whole area of the feet and lower leg.
7. In the case of a foot injury, however, the injured body part can be protected by a bandage. The necessity and the application of the bandage must be checked before the start of the race by the race physician and / or TD.
8. The race shoes must be available for purchase from the manufacturing partner for all NFs.
9. New models from the manufacturer must be inspected and approved by the Chairman of the Technical Commission and the Technical Director.
10. Newly approved shoes must be approved for at least four years.
11. The price for a pair of race shoes may not exceed 150 EURO.  
This may increase in line with inflation.
12. Race shoes must be produced in at least five sizes (37, 39, 41, 43, 45 EU sizes).
13. By September 1st, all NFs must be informed in writing of a newly approved race shoe.
14. Each NF is responsible for the ordering the new model.
15. New models must be made available by August 1st of the year in which they were approved. A timely order (8 weeks) is required.

### Schedule for the introduction of the standard sled in the doubles discipline

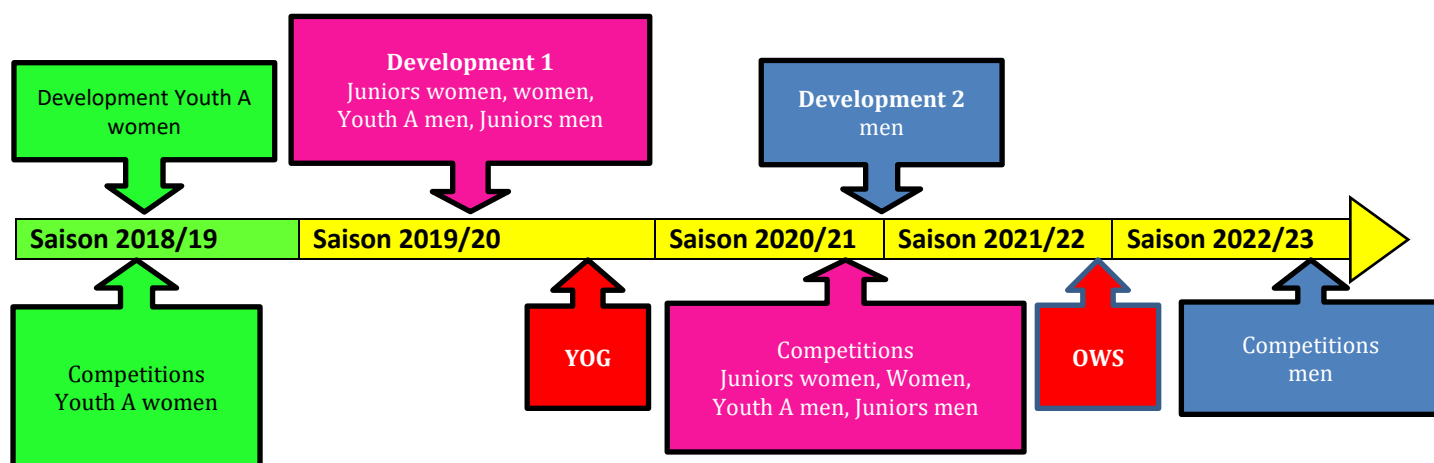

After a thorough analysis of the past seasons, a concept for the promotion of the doubles sport was developed in collaboration with the FIL Presidium and those responsible for the areas of sports and technical matters.

This concept aims to revive the discipline of doubles for national federations, to motivate young athletes, and to promote the development of a women's doubles class.

To achieve this goal, the International Luge Federation must work closely together and share the "project doubles".

Now it is up to us, the Technical Commission, to work out the appropriate details whereupon we can use the Youth A women's doubles sled, which is already in use, as a basis.

Timeline for the introduction of the standard sled in the doubles discipline:

Greetings in sport,

Armin Zöggeler, VP Technical Matters  
Christian Eigentler, Technical Director

**Bestellformular für FIL Damen Jugend Doppelsitzer Rennrodel**  
**Order Form for ILF female youth double luges**

Rennrodelbestellung - allgemeine Informationen  
Luge Order - general information

Vielen Dank, dass Sie sich für einen Kästle Rennrodel entschieden haben

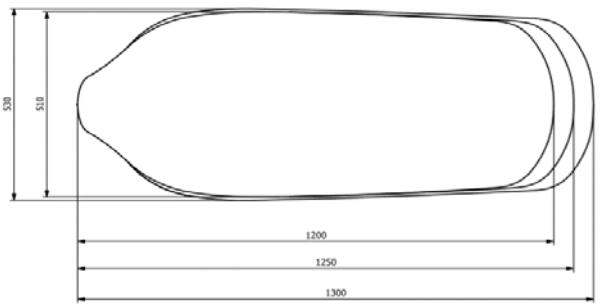

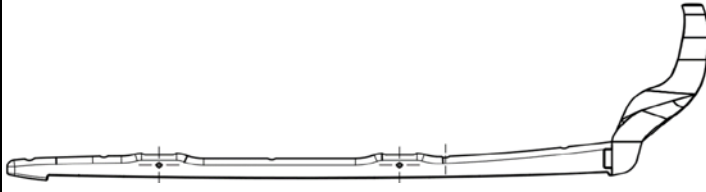

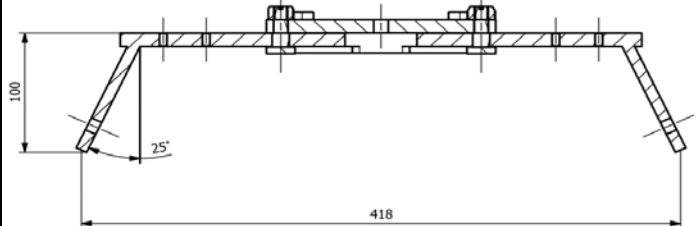

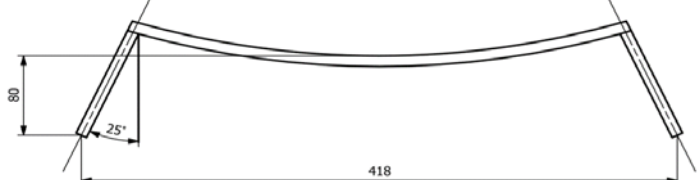

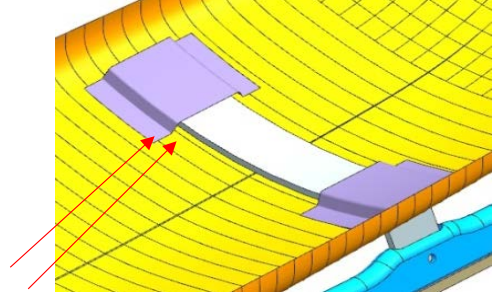

*Um eine Bestellung durchzuführen, klicken Sie bitte auf das Blatt "**Bestellformular - deutsch**". In diesem Arbeitsblatt können Sie selbst Ihren Standardschlitten konfigurieren und darüber hinaus optionale Zubehörmöglichkeiten erwerben. Die dafür notwendigen Informationen erhalten Sie entweder aus dem "**Beiblatt - deutsch**" oder unter Punkt 10 der **Handhabungsrichtlinien**. Diese Auswahl können Sie bis zum Absenden Ihrer Bestellung jederzeit ändern beziehungsweise bearbeiten. Um den Vorgang abzuschließen, speichern Sie bitte das ausgefüllte Excel-File ab und übermitteln dieses als Email an: [votz@fil-luge.org](mailto:votz@fil-luge.org). Sollten Sie optionale Zubehörmöglichkeiten erwerben wollen, bitte achten Sie darauf, immer eine dazugehörige Mengenangabe auszuwählen.*

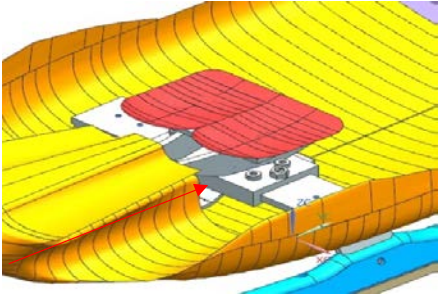

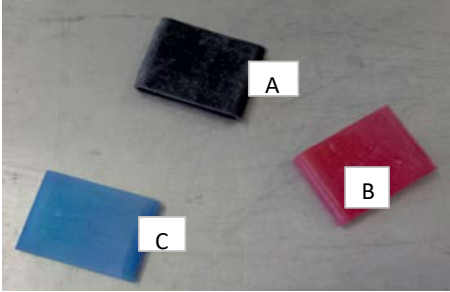

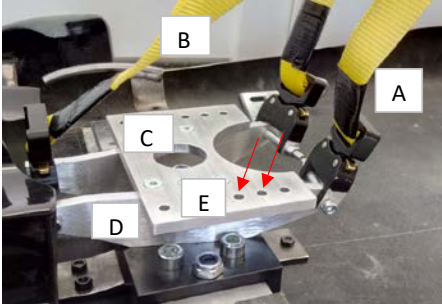

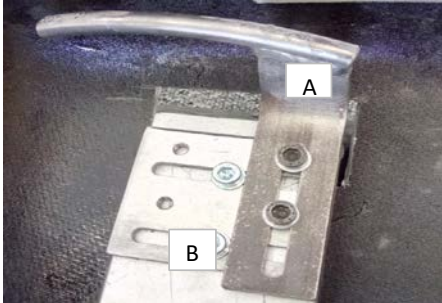

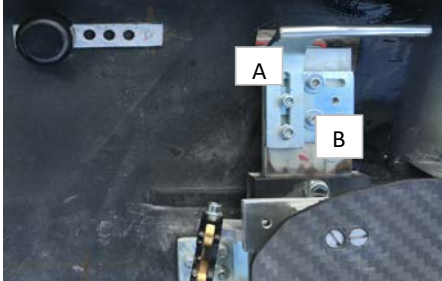

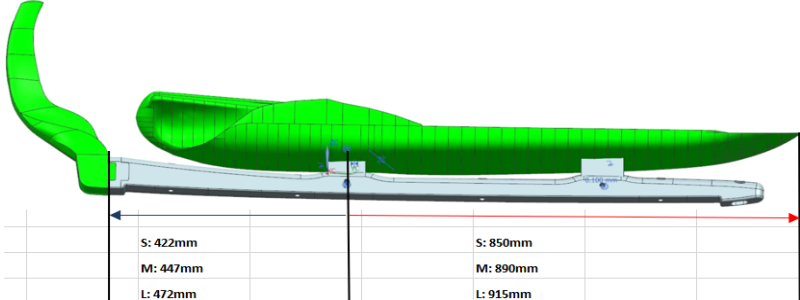

Thank you for deciding to purchase a Kästle luge

*To place an order, please click on the worksheet "**order form - english**". In this worksheet, you can configure your standard luge and also purchase optional accessories. You can find the necessary information either from the worksheet "**information supplement - english**" or under point 10 of the **handling guidelines**. You can change or edit this selection at any time until the submission of your order. To complete the process, please save the filled out Excel file and send it as an email to: [votz@fil-luge.org](mailto:votz@fil-luge.org). If you want to purchase optional accessories, please be sure to always select an appropriate quantity.*

Athletes  
Associations  
Sponsors

**Reference:** Finishing of uvex Helmets

18 September 2014

Dear Sir or Madam,

In light of current events we would like to notify you that alterations or especially repainting of uvex helmets voids all warranty claims and/or product liability claims. This is also included in each equipment agreement between uvex and athletes or associations.

Helmets come under the “personal protective equipment (PPE)” category. For this reason a model test certificate has to be obtained before a helmet is put onto the market. The certificate is issued if the helmet passes the relevant tests carried out according to the applicable standard or guideline.

For this certification the final development and production state including the design / finish must be defined and put on record.

Repainting the helmet with a custom finish by the user or a third party (which we generally continue to permit) voids the certification for the helmet and therewith the manufacturer’s warranty.

A custom finish may reduce the helmet’s impact absorption, which may prevent the helmet from fulfilling its protective function as mandated by the standard or guideline. For these legal reasons we are no longer able to uphold our warranty if the helmet is custom-finished by the athlete or a third party.

Helmets may be customized by putting standard stickers on the finished surface.

uvex offers to professionally repaint helmets as well as to disassemble and reassemble them in a way that upholds the product warranty even though the finish is customized (helmet sponsor). In this case uvex remains the party placing the helmet on the market, which is a requirement for the warranty.

**CEOs:**  
Alexander Selch  
Falk Pewestorf

For this service uvex charges a flat coordination fee of € 219 per helmet. The costs for repainting the helmet are added. These costs are based on the painter's cost estimate and charges will be directly passed on to the athlete/sponsor.

All amounts stated are net amounts.

uvex is not able to assume liability for damages to the paint caused by extreme factors (such as slalom poles).

uvex has to be the party placing the helmet into circulation in order to uphold the product warranty. For this reason only uvex may disassemble or reassemble the helmet and deliver the helmet to the athlete.

Please do not hesitate to contact the uvex sports marketing team if you have any further questions about the painting of helmets.

## Guidelines Regarding Authorised Identifications Winter Youth Olympic Games Lausanne 2020

**Please refer to Sport Specific Implementation documents for any items and Sport Equipment regarding specifically your sport.**

### International Federations

*Documents direct access coming soon*

### National Olympic Committees

*Documents direct access coming soon*

## 1 Introduction

The prohibition of any advertising and publicity in and above Youth Olympic Games (YOG) sites (as expressed in the Olympic Charter) is one of the aspects that differentiate the YOG from other international sporting events.

This is reflected in particular in Bye-Law to Rule 50<sup>1</sup> of the Olympic Charter, which the IOC has determined applies *mutatis mutandis* to the YOG. The following rules and Guidelines applicable to the YOG are based on Rule 50, which states in its bye-law that:

*No form of publicity or propaganda, commercial or otherwise, may appear on persons, on sportswear, accessories or, more generally, on any article of clothing or equipment whatsoever worn or used by the athletes or other participants in the Olympic Games, except the identification [...] of the manufacturer of the article or equipment concerned, provided that such identification shall not be marked conspicuously for advertising purposes.*

Placing the national and Olympic identity of young athletes at the forefront. This helps to further distinguish the YOG, whilst respecting the significant contribution that sporting goods manufacturers provide.

The International Olympic Committee (IOC) is therefore pleased to present the Guidelines regarding Authorised Identifications for the Winter Youth Olympic Games Lausanne 2020.

These Guidelines provide guidance on how Olympic Charter Rule 50 is to be implemented, in particular but not limited to (i) as to when an identification is “*marked conspicuously for advertising purposes*” (and hence prohibited), (ii) which types of identifications are allowed, (iii) where such identifications may be placed and (iv) how many times such identifications may appear. These rules apply to all of the athletes, officials and other accredited persons within the YOG venues and sites.

These Guidelines are not intended to restrict or otherwise impair new, innovative technological design features of Items (as defined below) as long as these are in conformity with the rules and regulations applicable for the sports concerned, the Olympic Charter and these Guidelines.

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

## General Guidelines

Notwithstanding the above, these Guidelines are to be used subject to the understanding that:

- (i) in case of contradictions between these Guidelines and Rule 50 of the Olympic Charter, the latter shall prevail;
- (ii) the IOC Executive Board shall be the sole authority to finally determine whether the use of a name, designation, trademark, logo or any other distinctive sign complies with the Olympic Charter and these Guidelines; and
- (iii) the IOC reserves the right to further interpret and/or supplement these Guidelines to help ensure that the spirit and purposes of Rule 50 are respected.

## 2 Changes from Previous Versions (Lillehammer 2016/Buenos Aires 2018)

Topic	Modification
<b>Definitions</b>	Updated definitions within the list of “Authorised Identifications” and “Items”.
<b>Size and frequency of Authorised Identifications</b>	<b>Clothing</b> One identification of the manufacturer will be permitted on Zippers and Buttons, and should appear in the same colour as the concerned item (i.e. tone on tone), as long as such identifications are deemed not conspicuous by the IOC.
<b>Accessories</b>	The Identification of Manufacturer may be divided into two identifications per accessory item, to a maximum size of 6cm <sup>2</sup> each.

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

# General Guidelines

Topic	Modification
<b>Equipment</b>	In principle, athletes' names are not allowed on the equipment unless listed as a technical requirement in the sport specific implementation section or found on equipment sold on the retail consumer market six (6) months prior to the Games. This includes personalized equipment as this is not deemed as the general design and/or identification used on Products sold through the retail trade.
<b>Footwear</b>	In principle, athletes' names are not allowed on the footwear unless listed as a technical requirement in the sport specific implementation section or are found on shoes sold on the retail consumer market six (6) months prior to the Games. This includes personalized equipment as this is not deemed as the general design and/or identification used on Products sold through the retail trade.
<b>Submission process</b>	Update regarding the submission process for items to be reviewed by the IOC.
<b>Sport specific implementation section</b>	<p>Inclusion of illustrative specifications from IF technical regulations</p> <ul style="list-style-type: none"> <li>• National identifications</li> <li>• Personal identifications</li> <li>• Homologation marks and processes</li> <li>• Coaches clothing</li> </ul>

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

## General Guidelines

### 3 Definitions

For the purpose of these Guidelines:

**“Authorised Identification”** means any of the following identification:

Name	Definition
<b>Identification of the Manufacturer</b>	Means the normal display of the name, designation, trademark, or logo or any other distinctive sign of the manufacturer of an <i>Item</i> (excluding encrypted or encoded supports, such as barcodes or QR codes, as well as URLs, social media accounts and hashtags), including, in particular, but without limitation, <i>Exclusive Identifiers</i> (as defined below).
<b>NOC Emblem</b>	Means either (i) the institutional or (ii) the commercial emblem of a participating NOC, as approved by the IOC.
<b>IF Identification</b>	Means the official emblem of the IF and/or the official name of the IF.
<b>Lausanne 2020 Emblem</b>	Means the official emblem of Winter Youth Olympic Games Lausanne 2020, as approved by the IOC.
<b>Product Technology Identification</b>	Means the technical identification (which shall not include any Identification of the Manufacturer, or any part thereof) used on Clothing to identify any fabric technology.

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

## General Guidelines

**“Item”** means any piece of clothing, equipment, accessory or any other item used or worn by any person participating in the Winter Youth Olympic Games, appearing on the field of play or within other Youth Olympic Games venues and sites, of which in particular, but without limitation:

Name	Definition
<b>Accessory</b>	Means any article that is of an accessory nature (e.g. bag, eyewear, arm bands, gloves, socks, etc.), worn or used by a Participant and which is not essential for the competition.
<b>Clothing</b>	Means any piece of attire (including, without limitation, competition clothing as prescribed within the rules of each sport) worn by a Participant, excluding Accessories and Footwear.
<b>Footwear</b>	Means shoes or boots worn by a Participant.
<b>Sports Equipment</b>	Means any sport-specific and necessary equipment used during sports competition (such as rackets, bicycles, rifles, etc.).

**“Exclusive Identifier(s)”** means any design or sign (or part or variation thereof) used on Clothing, Sport Equipment or Accessories in the preceding edition of, the Summer or Winter Youth Olympic Games.

**“Youth Olympic Games”** means the Winter Youth Olympic Games Lausanne 2020.

**“Participant”** means any person participating in the Youth Olympic Games, in particular but without limitation, athletes, officials, technicians (e.g. equipment technicians) and other accredited personnel.

**“L2020”** means Lausanne 2020 Winter Youth Olympic Games Organising Committee.

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

## General Guidelines

**“Sport Brand”** means an *Identification of the Manufacturer* principally used in the business of manufacturing, providing, distributing and selling sporting goods and which is (i) not principally used for non-sport products, (ii) not confusingly similar or identical to an identification used in another line of business, unrelated to sporting goods.

**“Clothing Brand”** means an *Identification of the Manufacturer* principally used in the business of manufacturing, providing, distributing and selling clothes and which is (i) not principally used for non-clothes products, (ii) not confusingly similar or identical to an identification used in another line of business, unrelated to clothes.

**For the avoidance of doubt, when referring to a “person participating in the Youth Olympic Games” or a “participant”, these Guidelines refer to any athlete, official and any other accredited person within Youth Olympic Games venues, sites and press areas.**

## 4 General Principles

An *Authorised Identification* may only be used in compliance with the terms of the Olympic Charter, the present Guidelines or as further approved in writing by the IOC.

The IOC reserves the right to prohibit the use of any *Authorised Identification* on any given *Item* in order to ensure the spirit of the principles of the Olympic Charter and these Guidelines are respected.

Unless specifically mentioned otherwise hereinafter (in particular in the “*Sport Specific Implementation*” section) or unless otherwise indicated in writing by the IOC, **the following general principles shall apply:**

- No use of any *Identification of the Manufacturer* may be made in a conspicuous way and no *Item* may be used for advertising purposes. An *Item* is in particular considered to be used for advertising purposes when the identification on such *Item* is not in relation to sport or is only featured or used for the purpose of conspicuous exposure during the *Youth Olympic Games*.
- No identification other than an *Authorised Identification* may appear on any *Item*.

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

# General Guidelines

- Only one *Identification of the Manufacturer per Item* shall be permitted.
- Where the *Identification of the Manufacturer* is not a *Sports Brand*, such identification shall not be permitted, except for *Clothing*, for which the *Identification of the Manufacturer* may be that of a *Clothing Brand*.
- Participants must refrain from contributing to or participating in any conspicuous advertising within Youth Olympic Games venues and sites, and in particular on the field of play.

## 5 Size and Frequency of Authorised Identifications

The size of an Identification of the Manufacturer shall in general not exceed:

Item	Maximum size and frequency
<b>Accessories</b>	<p>The size of an Identification of the Manufacturer shall not exceed 12cm<sup>2</sup> for Accessories.</p> <p>For headgear the Identification of Manufacturer may be into two identifications per accessory item, to a maximum size of 6cm<sup>2</sup> each.</p> <p>The only exception applies to bags, where the Identification of the Manufacturer shall not exceed 10% of the surface area of the item, to a maximum size of 60cm.</p>
<b>Clothing</b>	<p>The size of an Identification of the Manufacturer shall not exceed 30cm<sup>2</sup> for Clothing.</p> <p>One additional identification, strictly limited to Product Technology Identifications, shall be permitted per clothing item and shall not exceed 10cm<sup>2</sup>.</p> <p>Where one-piece body suits are used in competition, such Identifications shall be permitted once above and once below the waist, provided all other principles are respected.</p>

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

## General Guidelines

Item	Maximum size and frequency
<b>Sports Equipment</b>	<p>Sports equipment may carry identifications as available on the market 6 months prior to the YOG, subject to any stricter IF rules which would prevail for each concerned sport (as indicated within the Sport Specific Implementation section), as long as such identifications are deemed not conspicuous by the IOC and subject to section 6 below</p> <p>In principle, athletes' names are not allowed on the equipment unless listed as a technical requirement in the sport specific implementation section or found on equipment sold on the retail consumer market six (6) months prior to the Games. This includes personalized equipment as this is not deemed as the general design and/or identification used on Products sold through the retail trade.</p>
<b>Footwear</b>	<p>All footwear items may carry the identification as generally used on products sold through the retail trade during the period of 6 months prior to the YOG, as long as such identifications are deemed not conspicuous by the IOC.</p> <p>In principle, athletes' names are not allowed on the footwear unless listed as a technical requirement in the sport specific implementation section or found on shoes sold on the retail consumer market six (6) months prior to the Games. This includes personalized shoes as this is not deemed as the general design and/or identification used on Products sold through the retail trade.</p>

Specific sizes and display frequency are applicable as per the “*Sport Specific Implementation*” section hereinafter.

In all instances where the *Item* contains elastic material (such as LYCRA®), the *Authorised Identification* size shall be measured stretched (e.g. as worn by the athlete).

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

## General Guidelines

## 6 Guidance on Placement

No *Authorised Identification* may appear on the neck or the collar or on the body (e.g. tattoo) of any person participating in the YOG.

No *Identification of the Manufacturer* may appear in combination with any other *Authorised Identification*.

*Authorised Identifications* may not appear close or adjacent to each other, in order to avoid a composite logo effect or a repetitive effect. This applies also in case of several layers of *Items* worn by the same person or for one-piece body suits.

## 7 Items That Must Remain Unbranded

Certain items, due in particular to their potential for abuse in the context of product placement or advertising on the Field of Play (FOP), should at all times remain unbranded and/or not feature any Identification (by covering any existing Identification) if brought by the participant on the FOP or in camera view. Consequently, the following *Items* may not feature any *Identification of the Manufacturer*: headphones, water bottles, coolers, umbrellas, towels, bandages (i.e. kinesio tape), contact lenses, earplugs, mouth guards and nose clips. This list is an exemplary and non-exhaustive list and may be amended and completed when necessary by the IOC. Any such updates shall be communicated by the IOC to NOCs and IFs.

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

# General Guidelines

## 8 Third Party Identifications

No third party reference or name, including the names or nicknames of participants or any other persons (unless listed as a technical requirement in the *Sport Specific Implementation* section), designation, trademark, logo, URL, social media account, hashtags, corporate design or colour scheme (including, but not limited to, those of sponsors, National Federations, public or governmental authorities, and clubs) or any other distinctive sign (whether direct or indirect, such as QR codes or barcodes) may appear on any *Item*.

No *Item* may feature any identification that relates to a product, service or in any other way does not comply with the principles of the Olympic Charter.

The use of certain *Authorised Identifications* (such as *IF Identifications*, *the Lausanne 2020 Emblem* or *the Lausanne 2020 Wordmark*) is limited and restricted to certain *Items* only and may not be used otherwise as specifically indicated herein.

All *Items* must be those which are normally worn or used by a participant in the Youth Olympic Games.

## 9 Designs

Designs of *Items* must comply with the specifications of these Guidelines. In particular, a design may be used for one Summer and one Winter YOG but must be changed before the following edition, as the case may be.

*Authorised Identifications* or any portion or variations thereof (such as graphic and/or text that serve as concept extensions) cannot be used in designs (e.g., repetitions, extensions, distortions, watermarks, patterns, etc.) of *Items*.

For the avoidance of doubt, drawings, colour schemes, combinations, patterns, prints, letters, numerals, geometric elements, slogans, taglines, words or designs that derive or refer or otherwise create the impression that they are identical or similar to an *Identification of the Manufacturer* (including, in particular, Exclusive Identifiers), may not be used in designs of *Items* the Youth Olympic Games.

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

# General Guidelines

## 10 NOC Emblems and National Identity

Subject to the above, NOCs are encouraged to use their national colours, name, flag and emblems, as well as NOC Emblems (hereinafter “National Identifications”), in order to visually enhance the national identity of their *Items*. NOCs have the right to choose the National Identification(s) which will be used by their delegations on Clothing (for instance, NOC emblem or national flag).

No maximum frequency or sizes are applied to National Identifications, unless limitations are imposed within a specific sport’s technical regulations (please refer in particular to the *Sport Specific Implementation* section for more details).

No *Item* may feature the wording or lyrics from national anthems, motivational words, public/political messaging or slogans related to national identity.

NOCs, in particular the NOC of the country hosting the Winter Youth Olympic Games (in the present case, Swiss Olympic), may not use the “Look of the Games” in any way which creates confusion between the L2020 Workforce and the athletes and delegation officials of their national Olympic Team.

## 11 International Federation Identifications

As per the Olympic Charter, IF Identifications are only authorised for use on uniforms worn by IF officials; this includes all categories of IF staff as well as technical officials.

For Clothing worn by IF officials, one IF Identification per *Item* shall be permitted, with a maximum size of 30cm<sup>2</sup>.

## 12 Homologation Marks

If any identification is necessary for safety reasons and is prescribed within IF rules and regulations (e.g. “CE” or a similar non-commercial certification logo) and included within the *Sport Specific Implementation* section, such identification will be permitted on the *Item*, in a location that allows technical verification by officials.

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

# General Guidelines

## 13 Use of Lausanne 2020 Emblem

NOCs and IFs may enhance the Olympic Identity of their uniforms (Clothing only) by using the Lausanne 2020 Emblem on a limited basis, provided the following conditions are observed. In general, the Lausanne 2020 Emblem must:

- be sourced directly from Lausanne 2020 and used in accordance with the Lausanne 2020 Marks Usage Guidelines;
- not be used for any commercial purposes including, but not limited to, licensed and replica merchandise;
- only be used once per item of Clothing, with a maximum size of 30 cm<sup>2</sup>;

*In particular,*

- When used in conjunction with the NOC Emblem or IF Identification, the Lausanne 2020 Emblem should be positioned under the NOC Emblem or IF Identification with a distinctive gap or separation between the images or separated by a small dividing line. It is forbidden to associate the Lausanne 2020 Emblem with an Identification of the Manufacturer. The Lausanne 2020 Emblem can only be reproduced in its entirety as defined in the Lausanne 2020 Marks Usage Guidelines.

## 14 Victory Ceremonies

No *Sport Equipment* or *Accessories* may be brought to the flower or victory ceremony. This applies also to interviews, with the exception of the mixed zone when used as an exit from the competition area, or if the *Sport Equipment* is worn by the athlete (e.g. helmet).

No personal accessories, including but not limited to mobile phones, watches, water bottles, national flags and Point Of View (POV) camera devices, are permitted on podiums.

For further information regarding the rules applicable to uniforms worn by athletes during flower and victory ceremonies, please refer to the *Ceremony Uniform Guidelines*.

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

## General Guidelines

## 15 Responsibility for Compliance

NOCs shall be primarily responsible for ensuring that all *Items* worn or used by the members of their delegation comply with the terms of the Olympic Charter and these Guidelines.

Under the supervision of the IOC and with the support of YOCOG personnel, the IFs, in accordance with Paragraph 1.6 to Rule 46 of the Olympic Charter, shall implement a system of enforcing the compliance of *Items* (such as Sports Equipment) in relation to their respective sport.

## 16 Consequences of Infringement to the Guidelines

Without prejudice to any other sanctions that the IOC may consider to impose, any *Authorised Identification* or *Item* used in violation of the terms of the Olympic Charter or these Guidelines shall be removed or covered (as applicable) in accordance with the instructions given by representatives of the IOC, L2020 or the relevant IF.

Any breach of the terms of the Olympic Charter, these Guidelines or instructions given by authorised representatives in relation to compliance with these Guidelines, may lead to disqualification of the athlete and/or withdrawal of the accreditation of the Participant concerned, as well as other possible sanctions, in accordance with the decision of the IOC, or in accordance with the technical rules of the respective sport.

## 17 Submission Process

The IOC has set up a procedure for *Items* to be reviewed and offer assistance to the NOCs and IFs. Submissions should be sent to [rule50@olympic.org](mailto:rule50@olympic.org).

As in previous YOG, while the process is not mandatory, it is highly encouraged in order to minimise any possible Games-time issues. Once a submission has been made through the online tool, NOCs and IFs will be notified of the “reviewed” or “non-compliant” status of their submitted *Items*.

**Guidelines Regarding  
Authorised Identifications  
Winter Youth Olympic Games  
Lausanne 2020**

# General Guidelines

Several International Federations impose an obligatory submission process and review of uniforms worn by athletes and/or teams for technical and/or homologation reasons. For further information regarding the process followed by each sport, please refer to the *Sport Specific Implementation* section.

## 18 Questions

For any questions, please do not hesitate to contact the IOC at [rule50@olympic.org](mailto:rule50@olympic.org).

## Measuring Authorised Identifications

### Regular shapes

Where the *Identification of the Manufacturer* appears as a rectangle or square, the mathematical rules used to calculate the surface area of the shape will be applied.

$$\text{Area} = a \times b$$

### Irregular shapes

Where the *Identification of the Manufacturer* is an irregular shape, a rectangle or square will be traced around the identification, and the mathematical rules used to calculate the surface area of the rectangle or square shall be applied.

$$\text{Area} = a \times b$$

### Combined shapes

Where the *Identification of the Manufacturer* combines the manufacturer name with the manufacturer logo, a rectangle or square will be traced around the combined identification and the surface area of the rectangle or square shall be calculated in its entirety.

$$\text{Area} = a \times b$$

**Guidelines Regarding

Winter Youth Olympic Games  
Lausanne 2020**

## General Guidelines

## Common Items

### Introduction

This section provides visual illustrations regarding the placement and size of the *Identification of the Manufacturer* on items of *Clothing* and *Accessories* that are common across all sports.

Please refer to the *Sport Specific Implementation* section for any items not illustrated below and specifications regarding *Sport Equipment*.

Each type of identification mark is represented by a shape and colour, as indicated in the coding below. It is also specified if the identification must be placed in the precise location indicated on the illustration [ **Precise** ■ ● ◆ ] or if the placement is not specified in the guidelines [ **Floating** ■ ● ◆ ].

**Floating**      **Precise**

## **Olympic Scholarships for athletes “Beijing 2022”**

Dear President, Dear Secretary General,

We are pleased to contact you concerning the Olympic Solidarity programme: Olympic scholarships for athletes “Beijing 2022”. The Olympic Solidarity Commission approved for Beijing the extension of the programme to three winter seasons and a budget of USD17'500'000. Please find attached a copy of the programme guidelines sent to all National Olympic Committees (NOCs).

With this programme we plan to build on the success of the PyeongChang scholarship programme which supported 435 athletes to prepare and qualify for the Olympic Winter Games PyeongChang 2018. The full results and programme details can be found in the PyeongChang scholarship [Final Report](#) and [Video](#).

We thank you again for the excellent technical support received for PyeongChang and request your renewed collaboration for the various stages of the Beijing 2022 programme, that will be launched on the OS Online Platform in July 2019.

### **1. Programme objective:**

To offer NOCs a programme that provides Olympic scholarships to athletes preparing and attempting to qualify for the XXIV Olympic Winter Games Beijing 2022.

### **2. Candidature proposals:**

Candidature proposals are generally submitted to the NOCs by the various National Federations since they are the organisations closest to the athletes at national level. However, the selection of candidates to be proposed to Olympic Solidarity remains at the entire discretion of the NOC. We therefore suggest that you take this opportunity to inform your affiliated National Federations of the opportunities that exist and urge them to submit candidates to their respective NOCs.

### **3. Candidature screening process:**

To guarantee that the athletes proposed have the technical ability required for Olympic qualification, every candidature should be analysed in collaboration with the respective IF, before a decision is made by Olympic Solidarity as to the award

or not of a scholarship. Indeed, in view of the level of investment made in your sport through this programme, we consider your IF involvement in this process essential.

**4. Contact person:**

We would be grateful if you could confirm the name and email address of the person within your IF who will be Olympic Solidarity's primary contact for the administration of this programme, in relation to the various points noted above.

Our athletes' unit will then contact the named person to explain how the Beijing Scholarship programme will be managed on the new OS Online Platform.

We naturally remain at your disposal for any comments, questions or a meeting.

**5. Key dates for the launch of the programme:**

The programme will be operational from 1 November 2019 to 28 February 2022:

- June 2019: Programme guidelines and application forms published and sent to the NOCs;
- As from 5 July 2019: NOCs to submit applications on the OS Online Platform;
- 31 August 2019: Deadline for submitting applications to Olympic Solidarity to be included in first batch of scholarship allocations (starting on 1 November 2019);
- 1 November 2019: Programme operational and first batch of scholarships activated.

Yours sincerely,

James Macleod  
Director of Olympic Solidarity

Olivier Niamkey  
Head of Athletes Unit

# OLYMPIC SCHOLARSHIPS FOR ATHLETES “BEIJING 2022”

## PROGRAMME GUIDELINES

### OBJECTIVE

To offer the National Olympic Committees (NOCs) a programme that provides Olympic scholarships to athletes preparing and attempting to qualify for the XXIV Olympic Winter Games Beijing 2022.

The programme is designed to improve the competitiveness of the Olympic Winter Games rather than to expand artificially the universality of these Games. As such, access to this programme shall be offered to NOCs that have a strong winter sports tradition and that can present athletes with a proven winter sports record and technical level.

### BENEFICIARIES

#### ATHLETES

Athletes must have the following profile to be considered for a scholarship:

- **Olympic winter sport:** Practise at international level, an individual sport included on the Olympic winter programme.
- **Minimum technical level:** Have the technical level to be able to qualify for the Olympic Winter Games Beijing 2022. Proof of the athlete's technical sports level must be shown through results obtained at international competitions, recognised by the International Winter Sports Federations.
- **Access to training funds:** Only athletes to whom a scholarship will make a significant difference to their training, and who do not have access to alternative means of paying for their preparation, may be put forward by their NOC/NF as scholarship candidates.
- **Ethics:** Only athletes who have not been convicted of a doping offence or sanctioned for actions contrary to the standards of sporting ethics as established by the Olympic Charter, the IOC or NOC may be put forward as scholarship candidates.

### NATIONAL OLYMPIC COMMITTEES

In accordance with the guiding principles approved by the Olympic Solidarity Commission and the wish to avoid increasing artificially the universality of the Olympic Winter Games, only NOCs that can present athletes with a proven winter sports record and technical level may apply for the programme. The participation numbers in individual sports at the Olympic Winter Games PyeongChang 2018 will define an NOC's eligibility for the programme.

Considering the profile of the NOCs that participate in the Olympic Winter Games, Olympic Solidarity offers a programme customised to their specific needs.

**A: NOCS THAT HAD LESS THAN 10 ATHLETES AT THE OLYMPIC WINTER GAMES  
PYEONGCHANG 2018**

These NOCs will be offered a fixed number of Olympic scholarships equal to the number of their athletes who participated in the Olympic Winter Games PyeongChang 2018 (except for those NOCs that had only one athlete in PyeongChang; in which case they can apply for a maximum of two scholarships).

**B: NOCS THAT HAD BETWEEN 10 AND 59 ATHLETES AT THE OLYMPIC WINTER GAMES  
PYEONGCHANG 2018**

These NOCs will be offered a maximum of 10 Olympic scholarships.

**C: NOCS THAT HAD 60 OR MORE ATHLETES AT THE OLYMPIC WINTER GAMES  
PYEONGCHANG 2018**

These NOCs will be offered the tailor-made option of the programme that allows the flexible use of a fixed budget.

In exceptional cases, Olympic Solidarity:

- may award a maximum of two scholarships to an NOC that did not have athletes in the Olympic Winter Games PyeongChang 2018 but which has athletes with a proven winter sports record and that have a realistic chance to qualify for the Olympic Winter Games Beijing 2022.
- reserves the right to modify the number of scholarships to be awarded per NOC, keeping within the maximum available budget.

## **PROGRAMME FRAMEWORK**

### **OLYMPIC SCHOLARSHIPS FOR ATHLETES**

An Olympic scholarship offers two benefits to selected athletes:

- A fixed monthly training grant to contribute to the athlete's training, coaching and competition costs.
- A fixed travel subsidy that can be requested at the end of the qualification period for the athlete's transport costs (including transport of equipment) to participate in Olympic qualification competitions.

Once a scholarship is awarded by Olympic Solidarity, the athlete's NOC is responsible for agreeing with him/her on the use of the scholarship and the subsequent management of these funds as well as for the reporting to Olympic Solidarity.

In the majority of cases, Olympic Solidarity understands that athletes practising winter sports already have clearly defined training programmes and therefore the intention is to offer the NOCs the possibility to manage the scholarship programme in an individualised manner.

## APPLICATION, AWARD AND CONTROL

### APPLICATION PROCEDURE BY THE NOC

NOCs with athletes fulfilling the criteria noted above may submit candidate requests for Olympic scholarships on the OS Online Platform. The NOCs should submit an equitable balance of male and female candidates and prioritise their candidates.

### ANALYSIS BY OLYMPIC SOLIDARITY

Olympic Solidarity will analyse each candidature submitted in collaboration with the relevant International Winter Sports Federation and, if needed, the respective NOC Continental Association.

In view of the complexity of the analysis process and the number of candidatures expected, please note that a minimum of two months is needed to analyse an NOC's application for this programme.

### APPROVAL BY OLYMPIC SOLIDARITY

Olympic Solidarity will be responsible for the final approval of the Olympic scholarships.

Since the cost of athlete training varies widely between regions of the world, Olympic Solidarity and the NOC will agree upon the amount of the monthly scholarship offered to each athlete.

Each athlete awarded a scholarship will be required to sign an agreement with his/her NOC and NF that will list the responsibilities of each party.

### MONITORING BY THE NOC AND OLYMPIC SOLIDARITY

Olympic Solidarity requests regular information feedback from the NOCs to monitor each athlete's progress towards Olympic qualification by means of:

- An evaluation form for each scholarship holder, signed by the athlete, NF and NOC, to be uploaded on the OS Online Platform by the NOC every four (4) months.
- An individual financial report for each scholarship holder, to be completed on the OS Online Platform by the NOC every four (4) months.

It is the responsibility of each NOC to ensure all scholarship holder reports (Evaluation Forms and Financial Reports) are fully and correctly completed and submitted together at the end of each scholarship period. The following scholarship payment will be released by Olympic Solidarity once all the documents have been accepted.

In order not to penalise scholarship holders that have reported on time, should the reporting be delayed by one or more scholarship holders, the athlete(s) concerned should be contacted by their NOC. If their reports are then still not submitted, OS should be informed, and appropriate measures will be taken (final warning, scholarship cancellation, etc.) If the scholarship reports have not been submitted by an NOC to OS by the end of the following scholarship period (i.e. 4 month delay), the period in question may be considered void.

Since the primary objective of awarding an Olympic scholarship remains the athlete's qualification for the Beijing Olympic Winter Games, Olympic Solidarity reserves the right to withdraw the scholarship from any athlete in the following cases:

- Failure to qualify for the Olympic Winter Games Beijing 2022.
- Decline in technical level making it unlikely that the athlete will qualify for the Olympic Winter Games Beijing 2022.
- A medical reason that will prevent the athlete from participating in the Olympic Winter Games Beijing 2022.
- Unethical behaviour (doping, discipline, etc.).
- Contravention of the athlete/NF/NOC scholarship agreement or Olympic Charter.
- Failure to comply with scholarship reporting procedures.
- Competition participation for an NOC other than scholarship applicant NOC.
- Any other reason in agreement with the NOC.

The programme is designed as a long term investment in a limited number of athletes for the preparation of Olympic Winter Games Beijing 2022. To allow NOCs to benefit from the maximum number of scholarships, the replacement of athletes during the programme is not foreseen.

## BUDGET

The budget allocated to this programme by the Olympic Solidarity Commission is USD 17,500,000.

## TIMELINE

The programme will be operational from 1 November 2019 to 28 February 2022:

- June 2019: Programme guidelines and application forms published and sent to the NOCs
- As from 5 July 2019: NOCs to submit applications on the OS Online Platform
- 31 August 2019: Deadline for submitting applications to Olympic Solidarity to be included in first batch of scholarship allocations (starting on 1 November 2019)
- 1 November 2019: Programme operational and first batch of scholarships activated
- 4-20 February 2022: XXIV Olympic Winter Games

Just one scholarship allocation will be made per NOC. For NOCs that did not submit requests in time to benefit from the first allocation batch additional allocation dates may be decided by Olympic Solidarity. These dates are dependent on the number and timing of applications received as well as the budget availability.
