

FIL Partnership Application 2025-2026

Submission deadline: August 20, 2025

Purpose

This application allows NFs to request participation in the FIL Partnership Program and requires the signature of both partner NFs.

Overview: developing nations without a coach can "partner" with a larger, stronger nation. The host nation will provide coaching and sled assistance to the developing nation, with the FIL providing support to the host nation in the amount of €300 per sled for up to 1W, 1M, 1WD & 1MD per race (General Class and Junior Class), to help offset any additional costs incurred by partnering with a smaller nation. Paid in two installments, around the New Year period and at the end of the season.
