E-License 2026-2027

Dear National Federations,

Starting now, FIL e-licenses for the 2026/27 season can be newly issued or renewed through [DokuMe](#) license management system.

The following documents are required for the issue of an e-license for the first time:

- Copy of passport or identity card (in case of identity card please front and back)
- passport photo
- Data protection declaration
- Acknowledgement of the FIL Statutes and Regulations
- Anti-doping document
- ADEL Certificate
- ([Anti-Doping Education](#) “*International-Level Athletes Education Program*”)

The following documents are required for the renewal of the e-license as some changes have been made to the documents:

- Data protection declaration
- Acknowledgement of the FIL Statutes and Regulations
- Anti-doping document
- Current ADEL certificate (please note that it is valid for the entire season! The certificate is valid for 2 years after issue.)

NEW:

From now on, a license is mandatory for coaches, trainers, and officials.

For individuals who will be participating in FIL events, please follow the same procedure as for athletes and apply for an Official License.

Only individuals with a valid Official License can be registered for FIL races and can later apply for a season accreditation!

The following documents are required for the issue of an **Official e-license** for the first time:

- Copy of passport or identity card (in case of identity card please front and back)
- passport photo
- Official-License Formular

All required documents have been updated and can be downloaded directly from the license management system.

We ask that you request all licenses as soon as possible.

Costs:

License: €10 per person per sports year

License administration: €150 per account per year

Online registration administration: 1 account is free;

all additional accounts: €200 per year

Billing is handled annually by the FIL office.

The e-license is required for all FIL competitions in artificial track luge (General Class, Juniors, and Youth A) and alpine luge (General Class and Juniors) in order to complete online registration (via the DokuMe platform).

Registration for the various FIL competitions is expected to open in early September.

If you have any questions or need assistance, we'd be happy to help.

Yours sincerely,
Daniela Schwab
FIL-Office
