FOREWORD & INTRODUCTION

Foreword by the FIL President

This season, we celebrate. The 50th EBERSPÄCHER LUGE WORLD CUP marks half a century of the finest sliding competition on the planet — nine stops on two continents, and thousands of athletes who have shaped a sport that continues to grow, season after season.

We also celebrate the FIL itself. On 25 January 2027, our federation turns 70. Founded in Davos on that January day in 1957, the FIL has grown from a small group of passionate European clubs into a truly global organisation. That anniversary falls in the week before our World Championships in Innsbruck-Tirol, while the athletes are already training on the Olympia-Eiskanal — a fitting place to mark it. Innsbruck hosts our World Championships for the sixth time — the first time was in 1977, and every ten years since. The circle does not close — it keeps turning.

The 54th FIL World Championships will be historic in more ways than one. For the first time, Olympic luge and alpine luge share a World Championships programme. The Olympia-Eiskanal Innsbruck-Igls, built for the 1976 Winter Games, and the course that hosted the 1964 Olympic debut of our sport, restored as a natural track — both will carry the best athletes in the world in February 2027. Two disciplines, two tracks, one federation, one week.

This Media Guide is your companion through the season. It carries everything you need: the story of each venue, the athletes who will contest the Crystal Globe, the history that brought us here, and the statistics that measure greatness. I hope it serves you well.

For luge. For the sport. For the next 70 years.

Einars Fogelis

President, Fédération Internationale de Luge

How to Use This Guide

This Media Guide is published by the Fédération Internationale de Luge (FIL) for accredited media covering the 2026/27 season. It is designed to provide journalists, broadcasters and analysts with everything needed to cover luge at professional level — from the basics of the sport to the history of each World Cup venue, from athlete profiles to all-time statistics.

The guide follows the 50th EBERSPÄCHER LUGE WORLD CUP through nine stops in Europe and Asia, with the 54th FIL World Championships in Innsbruck-Tirol, 1–7 February 2027, as the highlight — the sixth World Championships in Innsbruck, and the first edition in history to combine Olympic luge and alpine luge under one programme.

Editorial team: Egon Theiner and Alessandro Genuzio. Statistical data is provided by Paolo Maria Abbiati. All competition results and official records are subject to FIL confirmation.

This Media Guide may be updated during the season. All changes are listed in the Version History at the front of this guide. Statistics refer to the end of the 2025/26 season.

FIL at a Glance

The Fédération Internationale de Luge (FIL) is the world governing body for luge — both Olympic luge and alpine luge. Founded on 25 January 1957 in Davos, Switzerland, the FIL today has members from more than 50 nations across five continents.

The FIL is responsible for the International Luge Rules (IRO), the homologation of tracks, the organisation of World Cup, World Championships, European Championships, Junior World Championships, and the World Youth Series.

New FIL Identity

In July 2026, the FIL unveiled a new brand identity, developed in collaboration with its long-standing commercial partner Infront, to mark both the FIL's 70th anniversary year and the extension of the Infront partnership through the 2029/30 season. The new visual identity — covering logo, colour palette, and typography — modernises the FIL's presentation while anchoring the sport's identity in speed, precision, and alpine heritage. The launch accompanies the FIL's entry into its milestone 50th World Cup season.

Partners & Sponsors

EBERSPÄCHER

EBERSPÄCHER has been an active partner of the FIL since 2001. In the 2020/21 season, the German automotive thermal management specialist became the title sponsor of the FIL World Cup — which has carried the EBERSPÄCHER name ever since. The 2026/27 season is the 50th EBERSPÄCHER LUGE WORLD CUP, marking half a century of the sport's premier circuit.

What connects Eberspächer with luge is not coincidental: both operate in extreme cold, with millimetre-level precision at high speed. The company develops heating systems, exhaust technology, and electronic components for automotive, commercial vehicle, rail, and marine applications worldwide.

HARGASSNER

The Austrian biomass heating specialist HARGASSNER has been a main sponsor of the EBERSPÄCHER LUGE WORLD CUP since the 2021/22 season. With over 37 years of market experience and more than 130,000 satisfied customers worldwide, the family-run company has established itself as a global player in sustainable heating technology, employing more than 650 people.

HARGASSNER biomass heating systems are CO2-neutral, making a direct contribution to environmental protection. The connection between the company and luge runs deeper than sponsorship: closeness to nature, the absolute precision required in choosing the right line, and the dynamics of the sport are values that unite both partners.

AXA

AXA Germany and the FIL have announced a two-year partnership starting in fall 2026. The insurance and financial services group is a sponsor of the FIL Luge World Cup and World Championships, as well as the presenting partner of the Team Relay competitions — the EBERSPÄCHER Team Relay World Cup is presented by AXA.

AXA is one of the leading insurance and financial services groups in Germany, with premium income of 12.8 billion euros and 8,362 employees (2025). AXA Germany is part of the AXA Group, with 156,000 employees and intermediaries and 92 million customers in 52 countries.

Skechers

Skechers is the Official Footwear Supplier of the FIL through the 2029/30 season. The partnership covers the EBERSPÄCHER LUGE WORLD CUP, World Championships, and the Olympic Winter Games — and includes the development of a completely new luge racing shoe, with market introduction planned for the 2028/29 season.

From the 2026/27 season onward, only Skechers luge shoes are permitted in World Cup and World Championship competition at senior level. Skechers is also the presenting partner of the Mixed Events — the EBERSPÄCHER Mixed World Cup presented by Skechers.

Skechers U.S.A., Inc. is one of the world's largest athletic and lifestyle footwear brands, with operations in more than 180 countries.

The 2026/27 Season — An Overview

50th EBERSPÄCHER LUGE WORLD CUP

The 2026/27 season marks a double anniversary: the 50th EBERSPÄCHER LUGE WORLD CUP opens on 23 November 2026 in Winterberg and runs through nine stops. The FIL simultaneously celebrates its 70th anniversary — founded on 25 January 1957 in Davos.

PART I — THE SPORT

CHAPTER 1 — LUGE: THE BASICS

What Is Luge?

Luge is the fastest sport on ice. Athletes — lying on their back on a sled, feet first — race down an iced track reaching speeds of up to 140 km/h, steering with pressure from their calves and shoulders. The difference between victory and defeat is measured in thousandths of a second.

The FIL governs two forms of the sport: Olympic luge (on purpose-built artificial ice tracks) and alpine luge (on natural tracks, descended from the sport's origins in the Alps). The 2026/27 World Championships in Innsbruck-Tirol are the first to combine both disciplines under one event.

The Disciplines

Discipline	Description
Men's Singles	Men, individual, lying on back, feet-first
Women's Singles	Women, individual
Men's Doubles	Two athletes stacked on one sled
Women's Doubles	On the World Cup programme since 2021/22; Olympic debut Cortina 2026
Mixed Singles	One man and one woman, each completes one run; the sum of both times determines the result
Mixed Doubles	One men's doubles team and one women's doubles team, each completes one run; the sum of both times determines the result
Team Relay	1× Women's Singles, 1× Men's Doubles, 1× Men's Singles, 1× Women's Doubles (one run each, in this order); finish touchpad required

Rules and Regulations

The sport is governed by the International Luge Rules (IRO 2026). Key regulations include:

• Two competition runs (or in Super Slide Mode: one qualification run + two competition runs, with parc fermé between them). The sum of both run times determines the final result.
• Athletes must complete at least two official training runs to be authorised for competition (IRO 2026, §3.9).
• The sled may not exceed the maximum weight permitted by IRO §5. Standardised sled dimensions were introduced from 2026/27 (runners, bridges, steels — see IRO 2026, §5).
• Athletes who miss the touchpad receive a DNF (Team Relay and Mixed Events).
• Medical examination is mandatory for all athletes who crash (successfully tested in 2025/26, now regulation).

The Sled

An Olympic luge sled consists of two runners, two bridges, a pod and two steel blades. Men's singles sleds typically weigh 21–25 kg; doubles sleds up to 27 kg.

From 2026/27, standardised sled dimensions apply to all General Class sleds (IRO 2026, §5). Juniors and Youth may use previous-design sleds until the end of 2029/30.

How Athletes Steer

Steering in Olympic luge is achieved almost entirely through subtle body pressure: the athlete presses with one calf against the corresponding runner to initiate a turn, and uses shoulder movements for fine corrections. There are no handlebars. The sport's extreme speeds — up to 140 km/h — mean that steering inputs must be made metres before a curve. The difference between the fastest and slowest athletes often comes down to hundredths of a second in a single corner.

CHAPTER 2 — THE SEASON

The World Cup Format: Points, Rankings, Crystal Globe

The EBERSPÄCHER LUGE WORLD CUP runs over nine stops. At each venue, athletes compete over two runs (or in Super Slide Mode format). World Cup points are awarded according to Points Table 1 (§3.10.1 IRO 2026): 100 points for the winner, down to 1 point for the last classified finisher. The same points table applies to Super Slide Mode (SSM) events.

The athlete with the most points after all nine stops wins the Crystal Globe — the overall World Cup title. Crystal Globes are awarded separately for Men's Singles, Women's Singles, Men's Doubles, Women's Doubles, Team Relay and Mixed events.

Points Distribution (IRO 2026, §3.10.1)

Place	Points	Place	Points	Place	Points	Place	Points
1st	100	11th	34	21st	20	31st	10
2nd	85	12th	32	22nd	19	32nd	9
3rd	70	13th	30	23rd	18	33rd	8
4th	60	14th	28	24th	17	34th	7
5th	55	15th	26	25th	16	35th	6
6th	50	16th	25	26th	15	36th	5
7th	46	17th	24	27th	14	37th	4
8th	42	18th	23	28th	13	38th	3
9th	39	19th	22	29th	12	39th	2
10th	36	20th	21	30th	11	40th	1

41st place and below: 1 point each. Athletes with DNS or DNF in Run 1 receive the points of the top-ranked non-qualified Nations Cup athlete. Athletes with DNF or DNS in Run 2 receive the same number of World Cup points as the first non-qualified athlete for the second run of the respective discipline; for seeded athletes, the DNS rule only applies if the athlete starts in the final training for seeded athletes. These rules do not apply in the case of a disqualification, nor in the Sprint World Cup. A minimum of 3 sleds from 2 different nations is required for a valid FIL race (exception: Team Relay and FIL Championships).

The Yellow Jersey

From the 2026/27 season, the current leader of the World Cup overall standings wears a Yellow Jersey during competition — worn on the race bib in competition and at the Winners' Presentation. The Yellow Jersey changes hands after each race.

Super Slide Mode (SSM)

The Super Slide Mode is a compact World Cup format, introduced at World Cup 6 Oberhof (18–24 January 2027). Key differences from the standard format:

Official Training: 1 session with 2 runs for all participants; both runs without start gate; at least 1 run must be completed to the finish within 7%. No additional training outside official sessions.

Qualification: 1 qualification run for all participants (starting order based on current seeded list). No Nations Cup, no seeded training. Top 30 singles / Top 24 doubles qualify.

Competition: Starting order determined by qualification run results (winner starts #1). Parc Fermé after Run 1 — sleds placed immediately in order of appearance. No equipment modification between runs (official sandpaper 400 grade only).

Start procedure: both training runs without start gate. The qualification run and both competition runs are started from a closed start gate (reaction start, same protocol as in the Team Relay): an acoustic and visual signal opens the gate and starts the timing; the time stops when the sled crosses the finish line (IRO 2026, §6.5.11.4).

Mixed Events

Mixed Singles: One male athlete and one female athlete from the same nation each complete one run. The sum of both times determines the team result. This format was introduced to the World Cup program in 2024/25.

Mixed Doubles: One men's doubles team and one women's doubles team, each completes one run; the sum of both times determines the team result. Mixed Singles and Mixed Doubles may also be held at Junior World Championships from 2026/27 onwards (IRO 2026, §6.11.10).

World Youth Series (WYS)

From 2026/27, the Continental Cup is replaced by the World Youth Series (WYS). The WYS runs in three regional legs: WYS Europe, WYS North America (WYSNA), and WYS Asia (WYSA). The WYS serves as the primary qualification and development pathway below the World Cup level.

Note: The WYSNA event in Whistler (28 February 2027) has been cancelled. The remaining WYSNA event is Lake Placid, 20–21 March 2027 (status to be confirmed).

We Slide Forward 2034 — The FIL Strategy

"We Slide Forward 2034" is the FIL's strategic framework for the two Olympic cycles leading to the 2034 Winter Games in Utah. Presented at the 74th FIL Congress in Berchtesgaden in June 2026, it succeeds the SLIDE 2026 strategy and sets the direction for the sport through the French Alps 2030 and Salt Lake City 2034.

The strategy rests on six pillars:

1. Expand and Modernise Artificial Track Luge — accessible, safe, and cost-efficient equipment and infrastructure; transforming luge events for spectators and media.

2. Grow Alpine Luge to Reach a Global Audience — position alpine luge as a visible, accessible, and commercially viable discipline; develop attractive and scalable race formats.

3. Strengthen National Federations — build capacity, governance, and development programmes across member federations.

4. Put Athletes at the Centre — athlete welfare, voice, and development at the heart of FIL decisions.

5. Boost Media, Visibility, and Commercial Growth — a unified media strategy; grow the commercial base through partnerships and digital innovation.

6. Strengthen FIL Governance and Financial Sustainability — ethics, compliance, and responsible governance standards.

The strategy is a working document for all FIL organisational units and is reviewed annually at the FIL Congress against defined key indicators. Its guiding principle: use existing Olympic infrastructure, protect it, and prepare it for the future. Five of this season's tracks are Olympic venues — PyeongChang (2018), Yanqing (2022), Cortina (2026) and La Plagne (1992, Olympic venue again in 2030) on the World Cup calendar, plus the World Championships track in Innsbruck-Igls (1976).

The Four-Year Calendar

The FIL operates on a four-year cycle aligned with the Olympic Games. The current cycle (2026–2030) includes:

2026 — Winter Olympic Games, Cortina d'Ampezzo: First Olympic Women's Doubles luge race (11 February 2026).

2027 — 54th FIL World Championships, Innsbruck-Tirol: First combined Olympic + Alpine luge World Championship.

2028 — 55th FIL World Championships, Königssee: the eighth World Championships at the world's first artificially refrigerated track (reopened 2026 after the 2021 mudslide).

2029 — 56th FIL World Championships, Lake Placid.

2030 — Winter Olympic Games, French Alps: the luge events return to La Plagne.

CHAPTER 3 — THE RULES OF THE GAME

International Luge Regulations 2026 (IRO) — What Journalists Need to Know

The International Luge Regulations for Artificial Track (IRO) govern every aspect of competitive luge on artificial courses: equipment specifications, race formats, eligibility requirements, official procedures, and the frameworks within which World Cup, World Championship, and Olympic events are conducted. The 2026 edition, published by the FIL on 28 July 2026 and in effect for all competitions from the 2026/27 sport year onward, introduces several changes with direct relevance to what journalists will observe and report on this season.

A New Competition Format: The Super Slide Mode (§6.5.11)

The most visible change in the 2026 IRO is the codification of the World Cup "Super Slide Mode" (SSM) — a streamlined competition format that the FIL Sport Commission may implement in a given season. For 2026/27, it makes its competitive debut at World Cup #6 in Oberhof (competition days 22–24 January 2027).

The SSM condenses the standard race week substantially. There is no Nations Cup, no seeded training run. Each athlete completes one training session of two runs; at least one of those must finish within seven percent of the best training time to qualify as valid. After training, a single qualification run takes place — open to all athletes including those in seeded positions, eliminating the two-tier structure of a standard World Cup week. The top 30 singles athletes and top 24 doubles teams qualify for the final.

From the qualification run onward, all starts are reaction starts — the explosive launch technique used in the Team Relay, in which athletes respond to a signal rather than timing their own push. Equipment management is tightly controlled: after the first competitive run, all sleds enter parc fermé under the supervision of the Technical Delegate. No equipment modifications are permitted between runs. If sanding is needed, the TD supplies official sandpaper of standardised grit to all athletes equally. The finish is crossed without a touchpad.

The aim, in the words of FIL Sports Director Matthias Böhmer, is equal conditions for all athletes: "Nobody should be able to gain an advantage through equipment changes or readjustments between runs." Based on the experience in Oberhof, the FIL has indicated that further Super Slide Mode races could be integrated into the 2027/28 calendar alongside the classic format.

Women's Doubles: A Full Discipline (§6.5)

Women's Doubles made its Winter Olympic Games debut at the Milano Cortina 2026 Games. The 2026 IRO reflects the discipline's status as a fully integrated element of the World Cup circuit: its own seeded group of 12 teams, its own Nations Cup qualification round for a further 12 places (maximum World Cup field: 24 teams), and its own track record category at every venue. Up to three Women's Doubles teams per national federation may enter. The discipline operates under identical structural rules to Men's Doubles in all other respects.

Mixed Events: Now Mandatory at World Championships (§6.8)

Mixed Singles and Mixed Doubles are obligatory disciplines at all FIL World Championships under the 2026 IRO — a significant elevation in status for two formats that began as experimental additions to the competitive calendar.

Mixed Doubles combines one men's doubles team and one women's doubles team from the same nation; each slides once and the sum of both times determines the team result. Mixed Singles combines one male and one female singles athlete from the same nation; each slides once and their combined time is the team result. At World Championships, up to two mixed teams per nation per discipline may enter; international combinations (athletes from different national federations) are permitted when a nation cannot form its own team. For the 54th FIL World Championships in

© 2026 Fédération Internationale de Luge (FIL)

Innsbruck-Tirol (1–7 February 2027), the full championship programme includes Mixed Singles and Mixed Doubles as mandatory contested disciplines.

Team Relay (§6.7)

The Team Relay ran with three legs from its World Cup introduction in 2003/04 until the end of 2025/26: Women's Singles, Men's Doubles, Men's Singles. From 2026/27 onward — following the Olympic debut of Women's Doubles at Cortina 2026 — the relay format has been updated to four legs, with Women's Doubles added as a mandatory fourth leg. The IRO-specified order is: Women's Singles / Men's Doubles / Men's Singles / Women's Doubles. Only one relay team per national federation may compete. Registration must be submitted by 17:00 on the day before the event.

Eligibility and Licensing (§1.3)

A FIL e-licence is required to participate in international competition at General Class, Junior, and Youth A category levels. The licence must be applied for and renewed at the start of each sport year. The FIL sport year runs from 1 July to 30 June. For a World Cup or championship event to be valid in its results, a minimum of three sleds from at least two different national federations must start in each discipline. This rule does not apply to Team Relay competitions.

Equipment (§5)

Selected equipment rules journalists may encounter in reporting: Glove spikes — maximum effective length 5 mm. Body protection — maximum thickness 10 mm; additional weight (ballast) must not exceed 20 mm in thickness (30 mm on the back). Sled weight is tabulated by competition class. Helmets and footwear must conform to FIL guidelines. From 2026/27, standardised sled dimensions apply to all General Class sleds; Juniors and Youth may use previous-design sleds until the end of 2029/30.

Language and Terminology

The 2026 IRO establishes explicitly (§1.9): "The word 'athlete' used in the IRO includes both female and male participants in competitions and training." This applies throughout all FIL official communications, including this Media Guide.

The full IRO 2026 (Artificial Track) is publicly available at: fil-luge.org/cdn/uploads/iro-2026-at-website-28072026.pdf

PART II — 50TH EBERSPÄCHER LUGE WORLD CUP

CHAPTER 4 — DID YOU KNOW? EBERSPÄCHER LUGE WORLD CUP

10 Facts About the 50th EBERSPÄCHER LUGE WORLD CUP

1. The FIL was founded on 25 January 1957 in Davos, Switzerland. The 50th EBERSPÄCHER LUGE WORLD CUP, taking place in the 2026/27 season, coincides with the FIL's 70th anniversary.

2. Felix Loch (GER) and Armin Zöggeler (ITA) share the Men's Singles record with 57 World Cup race wins each — Zöggeler in 177 starts, Loch in 194 (including 9 sprint wins).

3. Natalie Geisenberger (GER) is the most successful woman in World Cup history: 52 race wins and 118 podiums in 147 Women's Singles starts, plus 8 overall titles (Crystal Globes).

4. Norbert Huber (ITA) has won more overall World Cup titles than anyone else: 11 — 3 in Men's Singles and 8 in Men's Doubles with Hansjörg Raffl.

5. The World Cup overall leader wears a Yellow Jersey from the 2026/27 season onward — for the first time in the history of the sport.

6. The Super Slide Mode (SSM) is used for the first time in 2026/27 at the World Cup in Oberhof — a compact format with one qualification run, two competition runs, and strict Parc Fermé rules.

7. Women's Doubles is the most recent discipline in the Olympic luge programme — first contested at the Cortina 2026 Olympic Winter Games. In the World Cup it has been held since 2021/22: 48 races up to the end of 2025/26.

8. From 2026/27, the World Youth Series (WYS) replaces the Continental Cup, bringing greater global participation across three regional leagues: Europe, North America and Asia.

9. Max Langenhan (GER) holds the longest winning streak in Men's Singles: 10 consecutive World Cup race wins, from 2022/23 Sigulda #2 to 2023/24 Winterberg.

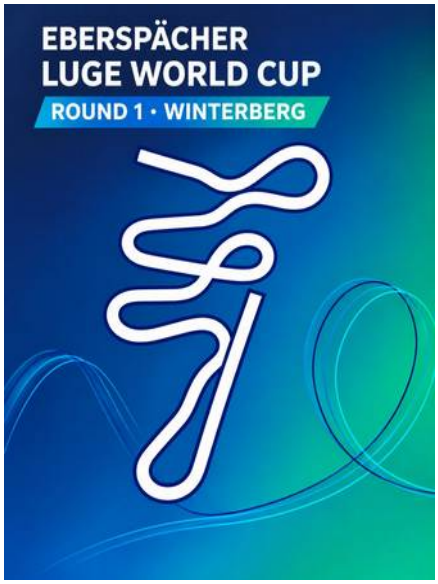

10. Germany is the most successful World Cup nation: 687 of the 1,370 race wins (50.1%) and 1,688 podiums since 1977/78 — not counting East Germany (79 wins) and West Germany (28 wins), which are listed separately.

CHAPTER 5 — THE NINE WORLD CUP VENUES 2026/27

WORLD CUP 1: WINTERBERG

VELTINS-EisArena Winterberg

The Season's First Statement

There is a logic to starting the EBERSPÄCHER LUGE WORLD CUP season in Winterberg. The VELTINS-EisArena sits in the Sauerland hills of North Rhine-Westphalia, Germany's largest winter sports region north of the Alps — and one of the strongholds of the sport. Opening the season here, in front of one of the most knowledgeable luge audiences anywhere, sets the tone for the winter.

But Winterberg is not merely a staging post. Built in 1977 — the same year the World Cup began — the track is one of the original circuit venues. It has 15 curves, a maximum speed of 140 km/h, and a vertical drop of 110 metres. The VELTINS-Kreisel and the Labyrinth are the defining sections: two sections that reward precise preparation. The track is technical and demanding — qualities that make an opening-round result here genuinely informative.

The 2026/27 season opens at Winterberg from 25 to 29 November. Race days are 28 and 29 November: Men's Singles, Men's Doubles and Women's Doubles on Saturday; Women's Singles and the Team Relay on Sunday.

Winterberg is also, by its geography, a festival. The Sauerland draws visitors in November for its proximity to nature — 5,000 square kilometres of forest, valleys, and reservoirs that constitute Germany's largest outdoor recreation region. Race weekend in the Sauerland is reliably busy, and 40 media working positions at the press centre in Start House 1 provide the infrastructure for comprehensive coverage from the first event.

WORLD CUP 2: PYEONGCHANG

PyeongChang Olympic Sliding Center

The Eastern Front

Few venues on the EBERSPÄCHER LUGE WORLD CUP circuit ask as much of athletes as PyeongChang. The track is long — 1,344 metres from the Men's start, 1,202 metres from the Women's and Doubles positions — and 16 curves offer numerous opportunities for accumulated error. The key is Curve 9: it appears straight to the naked eye but carries a slight deflection that punishes overconfidence. Athletes who underestimate it pay the price; those who respect it and slide through cleanly gain time.

The PyeongChang Olympic Sliding Center was built in 2016 to host the 2018 Winter Olympic Games, then served as the sliding venue for the 2024 Gangwon Youth Olympic Games. The FIL World Cup first came here in the 2016/17 season as the Olympic test event and returned in February 2025. The 2026/27 event, running from 9 to 13 December 2026, is the third World Cup at this Olympic venue.

The venue is operated by the Gangwon Development Corporation. Alongside its certified course, it is home to an active Luge School, run in partnership between FIL, the PyeongChang Legacy Foundation, and the Korea Luge Federation. The programme has introduced luge to Korean athletes who had never stood on an artificial track. Some of them may be in the start house one day.

For visiting journalists: PyeongChang is reachable from Seoul via KTX in approximately 90 minutes. Winter conditions in the mountains of Gangwon can be cold and windy — warm clothing is recommended. The recommended base is the Alpensia Hotel, ten minutes on foot from the track.

WORLD CUP 3: YANQING

National Sliding Centre | Snow Dragon (雪游龙)

The Snow Dragon at Full Speed

The National Sliding Centre in Yanqing District, Beijing, was designed to be difficult. Its architects — CADG, in consultation with the IBSF and FIL — built 16 curves into a 1,577-metre course that drops 121 metres from the Men's start. Curve 11 is a full 360-degree spiral, the first of its kind on an Olympic course: athletes enter at one angle and exit facing a different direction, their bodies having traced a complete circle at speeds approaching 134 km/h. The track earned a name quickly: Snow Dragon. Locally: 雪游龙.

The 2022 Winter Olympic Games put Yanqing on the world's radar. Johannes Ludwig (GER) set the Men's Singles track record of 57.043 seconds during the Olympic competition; Natalie Geisenberger (GER) answered with 58.226 in Women's Singles — completing the third and final individual gold of her Olympic career in the process. Tobias Wendl and Tobias Arlt (GER) won Men's Doubles; in Women's Doubles, Selina Egle and Lara Michaela Kipp (AUT) set the track record of 59.842 seconds at the 2025 World Cup Finale here, the first official Women's Doubles track record in Yanqing's history.

World Cup 3 this season doubles as the 12th Asian Championships — bringing a continental title race to a track that is itself a statement about the sport's global ambitions. In the context of We Slide Forward 2034, Asia is strategically significant for the sport. Salt Lake City and Utah are scheduled to host the 2034 Winter Olympic Games. The experience being accumulated by athletes, coaches, and federations in China and Korea over successive World Cup seasons is part of the foundation being laid for that moment.

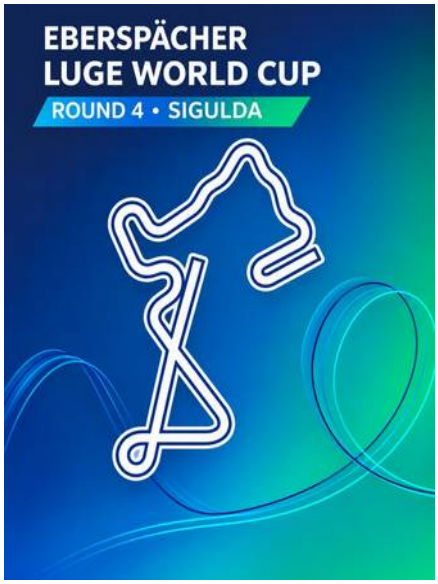

One note for media: the press facility at Yanqing is extensive — 178 working positions, 70 photographic positions, a 95-seat press conference room, full fibre and broadcast-grade Wi-Fi.

WORLD CUP 4: SIGULDA

Bobsleigh and Luge Track Sigulda

The Latvian Fortress

Latvia is a small country with an outstanding presence at the top of luge. Kristers Aparjods is a World Cup podium regular in Men's Singles; Andris Bots and Juris Plūme compete at the front of Men's Doubles; the Women's Doubles team of Marta Robežniece and Kitija Bogdanova took fourth at the 2026 Winter Olympic Games in Cortina. This is not coincidence. It is Sigulda.

The town sits in the Gauja National Park, 50 kilometres northeast of Riga, in a river valley carved by Ice Age glaciers. The bobsled and luge track here has been the development engine of Latvian sliding for decades — a facility where young athletes train year-round, where national teams based themselves for winter preparation, and where the domestic sport has built the technical depth that now shows up in results across the World Cup circuit. FIL World Championships have been held in Sigulda twice: 2003 and 2015. European Championships four times: 1996, 2010, 2014, and 2018.

The track is Class 1 homologated and starts Men's athletes from 1,200 metres. For luge, it is fully certified and well-tested. The track records tell the story of home success: Aparjods holds the Men's Singles mark at 47.493 seconds (03.03.2024), set on his home track in front of his home crowd.

World Cup 4 runs from 6 to 10 January 2027, the first stop after the Christmas break. Athletes arriving in January typically bring refined equipment after two months of competition — meaning Sigulda often produces the season's first true indication of who has developed most during the opening phase.

History

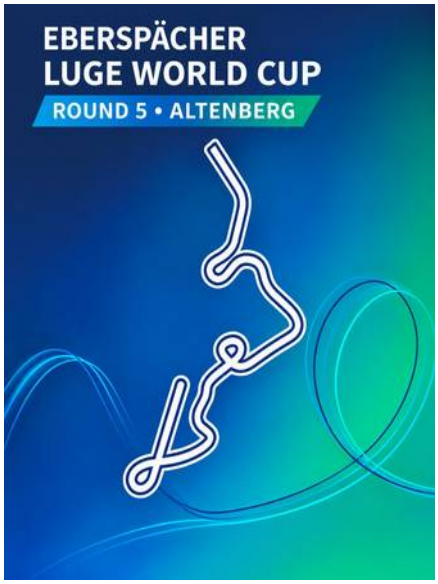

FIL European Championships: 1996, 2010, 2014, 2018. FIL World Championships: 2003, 2015.

The track was built from 1984 to plans drawn up by the Scientific-Technical Centre for Sports Facilities in Leipzig (GDR) and opened on 28 December 1986. Construction was carried out by the Yugoslav construction company Graming (Sarajevo) and Latvian builders. On the same site, in the late 19th century, Prince Nikolai Kropotkin had a 900-metre natural luge track laid out.

WORLD CUP 5: ALTENBERG

SachsenEnergie-Eiskanal Altenberg

Where the Best Become Better

Altenberg does not reward passengers. The SachsenEnergie-Eiskanal in the Ore Mountains of Saxony — 50 kilometres south of Dresden, close to the Czech border — is widely regarded as one of the most demanding tracks on the World Cup circuit. Men's Singles athletes navigate 17 curves from their start at 779.5 metres elevation. Women's Singles: 15 curves. Doubles: 11. The maximum speed is 140 km/h, and the defining sections — Curves 9 through 14, plus the Kreisel — make consistent, clean driving a genuine technical achievement. The track, built between 1983 and 1985, rewards experience. It also reveals every weakness.

That severity is part of why major championships keep returning here. FIL World Championships: 1996, 2012, 2024. Junior World Championships: 2018, 2026. The current Men's Singles track record belongs to Leon Felderer (ITA): 53.152 seconds on 6 March 2026. Merle Fräbel (GER) set the Women's Singles mark at 51.786 (28.01.2024); Toni Eggert and Sascha Benecken (GER) hold Men's Doubles at 41.388 (13.02.2016), the longest-standing record in Altenberg.

The statistical curiosity from this track: on 12 December 2021, Max Langenhan (GER) and Wolfgang Kindl (AUT) finished a Men's Singles World Cup race in an identical total time of 1:47.997 and shared the win — identical to the thousandth of a second. A dead heat in luge, a sport measured to the thousandth, is rare enough to warrant mention.

World Cup 5 runs from 13 to 17 January 2027. The press centre, located near Curve 14, holds 40 working positions across two floors.

WORLD CUP 6: OBERHOF

LOTTO Thüringen EISARENA Oberhof

Super Slide Mode: A World Première

On 22 January 2027, the LOTTO Thüringen EISARENA Oberhof will host something that has never happened before in World Cup luge: the first competitive outing of the Super Slide Mode, opening with the qualification run; the races follow on 23 and 24 January.

The format is defined by what it removes as much as by what it adds. No Nations Cup run. No seeded training. Each athlete completes two training runs in a single session. After training, a qualification run takes place, open to seeded and unseeded athletes alike. The top 30 singles and 24 doubles qualify for the final; the qualification result also sets the start order. From that qualification run onward, all starts are reaction starts — the explosive launch used in the Team Relay, rather than the standard timed-push departure.

The equipment rules are equally strict. After the first run, sleds go into parc fermé under supervision of the Technical Delegate. No adjustments are permitted between runs. Sandpaper — if used at all — must be official issue from the TD, identical for everyone. "Nobody should be able to gain an advantage through equipment changes or readjustments between runs," FIL Sports Director Matthias Böhmer has said.

Oberhof is a fitting stage for the world première: the LOTTO Thüringen EISARENA, in operation since 1971 and renovated in 2016, is one of the most experienced venues on the circuit. Based on the experience gained in January, the FIL has signalled that further Super Slide Mode races could follow next season, sitting alongside the classic format as a parallel competition category.

WORLD CUP 7: CORTINA D'AMPEZZO

Eugenio Monti — OWG 2026 Venue

The Olympic Stage, One Year On

The finish line at the Cortina Sliding Centre Eugenio Monti was crossed in competition for the first time less than a year ago. On 7 February 2026, luge athletes competed on a brand-new Olympic course in the Dolomites — a track purpose-built for the Milano Cortina 2026 Winter Olympic Games and named for Eugenio Monti, the Italian bobsled legend who won double Olympic gold in Grenoble in 1968.

What those ten days produced was a chapter in luge history. Max Langenhan (GER) won Men's Singles gold and set the track record of 52.660 seconds. Julia Taubitz (GER) won Women's Singles gold at 52.550 seconds. In Men's Doubles, Emanuel Rieder and Simon Kainzwaldner (ITA) beat Steu and Kindl (AUT) for Italian gold on Italian ice. And on 11 February 2026, Women's Doubles made its Winter Olympic Games debut, 62 years after Men's Doubles first appeared at the Innsbruck 1964 Games. Andrea Vötter and Marion Oberhofer (ITA) won gold in front of their home crowd. Germany won the Team Relay (3:41.672) — the fourth consecutive relay gold since the discipline's introduction in 2014.

World Cup 7, running from 10 to 14 February 2027, brings the circuit back to Cortina for the first post-Olympic season. It carries additional weight: the 58th European Championships and the 16th America-Pacific Championships run concurrently, adding continental titles to the World Cup points on the line. Athletes who stood on the Olympic podium here in February 2026 will be back; so will those who narrowly missed it and have spent twelve months working out why.

WORLD CUP 8: LA PLAGNE

Piste Olympique — La Plagne

The Cool & Technical Track — and What Comes Next

La Plagne's track goes by a nickname earned over three decades: CTT — Cool & Technical Track. At 1,670 metres above sea level, the Piste Olympique de Bobsleigh, Luge & Skeleton is the highest on the World Cup circuit. The thin air, the glycol cooling system, and the 16 curves of the Men's course combine to produce conditions unlike anywhere else in the season. Curves 15 and 16 are the final test: two demanding sections that catch athletes who have let focus drop in the closing phase.

The track was built for the 1992 Albertville Winter Olympic Games — the only artificial-ice Olympic sliding track ever constructed in France — and held its first competition in 1991. That history is reflected in its trophy case: Armin Zöggeler, the Italian who dominated Men's Singles luge for more than a decade, won here. Markus Prock, the Austrian whose 1995 track record of 45.176 seconds has stood for more than 30 years, won here. The fact that records set in 1995 remain on the books is itself a story: La Plagne has hosted five World Cup events, plus two Women's Doubles World Cup races in 2021/22, so opportunities to lower the marks have been rare.

World Cup 8 runs from 17 to 21 February 2027, during the French school holidays — which means the audience in La Plagne during race week will include families who have come for the skiing and stayed for the luge. The track is situated within La Plagne, the world's largest ski resort by skier-days (2.7 million in winter 2025/26). One additional note: La Plagne will host the luge events of the French Alps 2030 Olympic Winter Games — Olympic luge returns to this track for the second time after 1992.

History

Built for the 1992 Albertville Winter Olympic Games — the only artificial-ice Olympic sliding track ever constructed in France. First competition: 1991. La Plagne is the luge venue of the French Alps 2030 Olympic Winter Games — the second time Olympic luge is held on this track.

Region

Northern Alps, Savoie department, Tarentaise valley. La Plagne was founded in 1961; with 2.7 million skier-days sold in winter 2025/26, it is the top destination worldwide for skier-days. The Olympic bobsleigh track is also used for sports training and tourist descents — unique in France.

Getting there: nearest airports Geneva and Lyon (approx. 2.5 hours by taxi or shuttle bus). Train stations (SNCF): Aime-la-Plagne, Moûtiers-Salins-Brides-les-Bains, Landry.

Where to stay: Araucaria****, Pop Alp**** and Terra Nova*** in Plagne Centre (5 minutes by car from the track); Carlina**** and L'Eden des Cîmes*** in Belle Plagne (10 minutes); Tourmaline*** in the valley (20 minutes). Apartments: laplagneresort.com/en.

Race week: winter conditions, cold and possibly snowy — cars must be fitted with snow tyres. Local specialities: Beaufort cheese, fondue savoyarde, génépi liqueur. The event takes place during the French school holidays.

WORLD CUP 9: KÖNIGSSEE (WORLD CUP FINAL)

LOTTO Bayern Eisarena Königssee

The World's First Artificial Track — Coming Home

The sign at the LOTTO Bayern Eisarena Königssee says 1968. That is when the track was opened, on a hillside above the Schönau am Königssee lakeshore, in the shadow of the Watzmann massif in the Berchtesgaden Alps. It was the world's first artificially refrigerated luge and bobsled track — the template from which every subsequent facility has been derived. Fifty-eight years later, the track that started everything is back.

On a July evening in 2021, a severe storm sent a mudslide down the mountain above Königssee. The debris field tore through the track infrastructure, destroying sections of the course and the support structures that held them. For more than five years, one of the most historically significant luge venues in the world was rebuilt — including its famous curves: the Schlangenkurve, the Sepp-Lenz-Kreisel, the Kehlsteinkurve and the Echowand.

The timing carries additional significance. The 55th FIL World Championships in 2028 will be held in Königssee — the track's eighth World Championships after 1969, 1970, 1974, 1979, 1999, 2016 and 2021. The season finale is, in effect, the final rehearsal.

The setting is worth describing for first-time visitors. The Königssee is a glacial lake, 7.7 kilometres long, surrounded on three sides by cliffs that rise to over 2,500 metres. St. Bartholomä, the red-domed chapel on the western shore, is one of the most photographed sites in Germany. The Watzmann — the third-highest peak in Germany at 2,713 metres — dominates the western horizon. Athletes on the track can see it from the start house.

CHAPTER 6 — WORLD CUP STATISTICS: EBERSPÄCHER LUGE WORLD CUP ALL-TIME

Statistics compiled by Paolo Maria Abbiati. Coverage: 1977/78–2025/26 (49 seasons, Men's and Women's Singles, Men's Doubles; Women's Doubles since 2021/22; Team Relay since 2003/04; Mixed Singles and Mixed Doubles since 2024/25). Sprint races included in all single-race counts. Historical data for 1985–2000 is currently under detailed review. A tie for 1st is counted as a win for both athletes/teams. Data up to 2000 were collected and provided by the late Herbert Wurzer, whose records are the foundation of these statistics.

Key Facts

1. GERMANY leads all-time with 687 race wins (50.1% of 1,370 total wins) and 1,688 podiums across all disciplines, ahead of AUSTRIA (184 wins, 670 podiums) and ITALY (199 wins, 607 podiums).

2. 1,365 World Cup races from 1977/78 to 2025/26: 393 Men's Singles, 393 Women's Singles, 394 Men's Doubles, 48 Women's Doubles, 126 Team Relays, 6 Mixed Singles, 5 Mixed Doubles — 99 of them sprint races.

3. LOCH Felix (GER) and ZOEGGELER Armin (ITA) share the Men's Singles race-win record with 57 wins each. Loch in 194 starts, Zöggeler in 177.

4. GEISENBERGER Natalie (GER): 52 race wins and 118 podiums in 147 Women's Singles starts — a podium in 80.3% of her races.

5. ARLT Tobias / WENDL Tobias (GER) hold the records for race wins (60) and race podiums (136) in 199 Men's Doubles starts.

6. GERMANY won 105 consecutive Women's Singles races (1997/98 IGLS to 2010/11 ALTENBERG) and has produced 114 national 1-2-3 sweeps — 29% of all Women's Singles races.

7. LANGENHAN Max (GER) holds the Men's Singles record of 10 consecutive race wins (2022/23 SIGULDA #2 to 2023/24 WINTERBERG).

8. TAUBITZ Julia (GER) has an open series of 5 consecutive Crystal Globe titles in Women's Singles (2021/22–2025/26). Two more would tie Geisenberger's record of 7.

9. GERMANY has won the Women's Singles Crystal Globe for 28 consecutive seasons (1998/99–2025/26, open). Italy last won it in 1997/98 (WEISSENSTEINER Gerda).

10. GERMANY won the Team Relay for 13 consecutive seasons (2006/07–2018/19). AUSTRIA has an open run of 2 (2024/25–2025/26).

11. 55 nations, plus the Individual Neutral Athletes (AIN, 2025/26), competed with at least one athlete; 19 nations reached the podium; 12 won at least one race.

12. LOCH Felix (GER), 2025/26 Men's Singles Crystal Globe champion, has 8 overall titles — two more would tie the record of 10 (PROCK Markus / ZOEGGELER Armin).

Records Within Reach — What to Watch in 2026/27

TAUBITZ Julia (GER) enters the season with an open run of 5 consecutive Crystal Globe titles (Women's Singles). Two more (2026/27 and 2027/28) would tie Geisenberger's record of 7; three would break it. She currently holds 6 total titles — two more would equal Geisenberger's record of 8.

WENDL Tobias / ARLT Tobias (GER) have 7 Doubles Crystal Globes and an open run of 2 consecutive titles. One more title would equal the record of 8 held by RAFFL Hansjoerg / HUBER Norbert (ITA), two would break it; three more in a row would equal the RAFFL / HUBER record of 5 consecutive titles (four would break it).

LOCH Felix (GER) has 8 Men's Singles Crystal Globes (3rd all-time). Two more would equal the joint record of 10 (PROCK / ZOEGGELER); three would break it.

GERMANY's open run of 28 consecutive Women's Singles Crystal Globes (1998/99–2025/26) is already the longest national overall-title streak in any discipline; every new title extends the record.

AUSTRIA has 2 consecutive Team Relay Crystal Globes (open). With 11 more in a row, Austria would equal Germany's all-time Team Relay record of 13 consecutive titles.

PART III — 54TH FIL WORLD CHAMPIONSHIPS INNSBRUCK-TIROL

CHAPTER 7 — DID YOU KNOW? 54TH FIL WORLD CHAMPIONSHIPS

10 Facts About the 54th FIL World Championships in Innsbruck-Tirol

1. The 2027 World Championships in Innsbruck-Tirol are the first in history to combine Olympic luge and alpine luge under one programme — on two historic venues from the 1976 and 1964 Olympic Games.

2. Innsbruck hosts the World Championships for the sixth time — after 1977, 1987, 1997, 2007 and 2017. All six times in an exact ten-year cycle.

3. The Olympic luge track — the Olympia-Eiskanal Innsbruck-Igls — was built in 1976. The alpine luge course used for the alpine disciplines dates from the 1964 Winter Olympic Games.

4. The FIL turns 70 in the World Championships season: it was founded on 25 January 1957 in Davos — the anniversary falls in the week before the championships, during the International Training Period in Innsbruck.

5. Felix Loch (GER) and Armin Zöggeler (ITA) jointly hold the record with 6 World Championship gold medals each in Men's Singles. Zöggeler is also FIL VP Technology — returning as an official to the track on which he made history as an athlete.

6. Women's Singles: Tatjana Hüfner (GER) holds the record with 5 World Championship gold medals; Natalie Geisenberger (GER) has won the most medals (9). Margit Schumann (GDR) won four titles in a row (1973, 1974, 1975, 1977).

7. Germany leads the all-time World Championship medal table with 205 medals (90 gold, 72 silver, 43 bronze); East Germany (88 medals) and West Germany (34) are listed separately. 15 nations have won at least one World Championship medal, plus the Russian Luge Federation (RLF) in 2021.

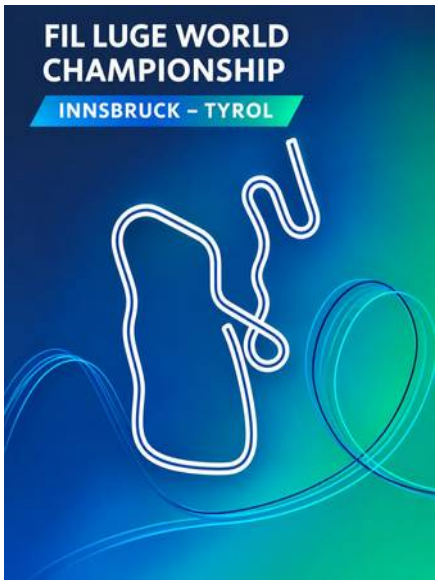

8. Men's Doubles: Toni Eggert / Sascha Benecken (GER) hold the record with 5 gold medals; Tobias Wendl / Tobias Arlt (GER) have won the most medals (11) and have been on the podium at every Men's Doubles race since 2013 — 10 in a row, a run that is still open.

9. Three gold medals at one edition is the maximum any athlete has achieved: Felix Loch and Tobias Wendl / Tobias Arlt (all GER, 2016), Toni Eggert / Sascha Benecken (GER, 2023), and Max Langenhan and Julia Taubitz (GER, 2025).

10. Gerhard Plankensteiner (ITA) has the longest span between a first and a last World Championship medal: 20 years, from Team gold in 1989 to Men's Doubles gold in 2009.

CHAPTER 8 — 54TH FIL WORLD CHAMPIONSHIPS INNSBRUCK-TIROL

Olympia-Eiskanal Innsbruck-Igls

The Ten-Year City

No city in luge history has hosted the FIL World Championships more consistently than Innsbruck. After 1977, 1987, 1997, 2007 and 2017, the city takes the title for the sixth time in 2027 — always on the ten-year cycle, never breaking the pattern. The 54th edition is also the first ever to combine Olympic luge and alpine luge under one programme, on two historic venues from the 1964 and 1976 Olympic Games.

The Olympia-Eiskanal Innsbruck-Igls was built for the 1976 Winter Olympic Games and has just completed a full reconstruction (2024–2026).

The 2027 World Championships — A Historic Event

The 54th FIL World Championships in Innsbruck-Tirol, 1–7 February 2027

The 2027 World Championships are historic in several respects:

1. First combined World Championships: For the first time, the World Championships in Olympic luge and alpine luge take place together — on two separate tracks in Innsbruck-Tirol. The Olympia-Eiskanal Innsbruck-Igls (built 1976) hosts the Olympic luge events; the restored 1964 Olympic "Heiligwasser" course is used as a natural track for the alpine luge disciplines.

2. Innsbruck for the sixth time: After 1977, 1987, 1997, 2007 and 2017, Innsbruck hosts the World Championships for the sixth time in 2027 — exactly on the ten-year cycle that has defined the event's relationship with this city.

A World Première at the Birthplace of Olympic Luge

Olympic luge was born in Innsbruck. On 30 January 1964, at the Olympic Winter Games, luge made its Olympic debut on the "Heiligwasser" course in Igls. Ortrun Enderlein (GDR) won the Women's Singles; Thomas Köhler (GDR) the Men's Singles; Josef Feistmantl and Manfred Stengl (AUT) the Men's Doubles. By the end of that week in Innsbruck, luge was an Olympic sport.

The Olympia-Eiskanal in Igls, eight kilometres southeast of the city centre, was rebuilt for the 1976 Olympic Winter Games on a site adjacent to the 1964 course. That track — the current facility — has held FIL World Championships in 1977, 1987, 1997, 2007, and 2017. The 2027 edition is the sixth, maintaining the ten-year cycle that has made Innsbruck-Igls the most consistent championship venue in the sport's history.

What makes the 54th FIL World Championships different from any that have preceded it is a single decision made at the 71st FIL Congress in Bucharest in June 2023: for the first time, the Olympic luge World Championships and the Alpine Luge World Championships will be held at the same venue, at the same time. Luge returns to the 1964 Olympic "Heiligwasser" course: sections of the historic track have been restored for the alpine luge championships, more than 60 years after the Olympic races of 1964. Both tracks share the same finish area and a joint medal plaza; the race days are 5 to 7 February.

The Olympia-Eiskanal underwent a major two-year renovation from summer 2024, with a budget exceeding €30 million.

For all practical purposes, the 54th FIL World Championships will produce a new set of benchmark times on a fully renovated track.

CHAPTER 9 — WORLD CHAMPIONSHIPS STATISTICS

All World Championships statistics compiled by Paolo Maria Abbiati. Coverage: 53 editions from 1955 (Oslo) to 2025 (Whistler) — the 10th edition (Friedrichroda 1966) was cancelled — plus the 2022 Women's Doubles World Championships (Winterberg); all events — classic and sprint singles and doubles, Mixed Singles and Mixed Doubles (2025), Team (1989–2007) and Team Relay (2008–2025). The 54th edition in Innsbruck-Tirol (2027) is the next. Data up to 2000 were collected and provided by the late Herbert Wurzer, whose records are the foundation of these statistics.

Counting rules: every awarded podium counts once for the nation (a doubles, team, relay or mixed podium = one medal). The Russian Luge Federation (RLF, 2021) is listed separately from Russia (RUS), as are all other historical codes (FRG, GDR, URS, TCH). The mixed-gender doubles crews of 1955–1958 are counted under Men's Doubles. 1959 Men's Doubles and 2011 Team Relay were not held/awarded.

Facts & Records

1. Two roles on one team podium – HUBER Norbert: Checked across all 81 Team/Relay podiums: HUBER Norbert (ITA) is the only athlete who raced two legs (men's singles and men's doubles) on the same team: 1989 Team gold, 1990 Team silver, 1993 Team bronze.

2. Women medallists in mixed-gender doubles (1955–1958): ISSER Maria (AUT) silver 1955 with ISSER Josef; SUSZCZEWSKA Janina (POL) silver 1958 with KOSZLA Jerzy; LACHETA Halina (POL) bronze 1958 with PEDRAK Ryszard. In 1955 ISSER Maria also won women's singles silver – medals in a (men's) doubles and women's singles at the same edition.

3. Longest gold streak – Men's Singles: 2 (six runs by five athletes): HACKL Georg 1989–1990; ZOEGGELER Armin 2001–2003; LOCH Felix 2008–2009 and 2012–2013; REPILOV Roman 2020–2021; LANGENHAN Max 2024–2025 (OPEN at 2025) – LOCH Felix did it twice. No man has won three consecutive singles titles.

4. Longest gold streak – Women's Singles: 4: SCHUMANN Margit (GDR) 1973, 1974, 1975, 1977. Next: OTTO Sylke 2000–2003 and GEISENBERGER Natalie 2013–2016 (3 each).

5. Longest gold streak – Men's Doubles: 5: EGGERT Toni / BENECKEN Sascha (GER) 2017, 2019, 2020, 2021, 2023 (ended 2024).

6. Longest medal streak – Men's Singles: 7 (tie): HACKL Georg 1989, 1990, 1991, 1993, 1995, 1996, 1997 and LOCH Felix 2008, 2009, 2011, 2012, 2013, 2015, 2016.

7. Longest medal streak – Women's Singles: 7: GEISENBERGER Natalie 2008, 2009, 2011, 2012, 2013, 2015, 2016. TAUBITZ Julia has 6 and the series is OPEN: 2019, 2020, 2021, 2023, 2024, 2025.

8. Longest medal streak – Men's Doubles: 10, still OPEN: WENDL Tobias / ARLT Tobias (GER) on the podium at every held Men's Doubles race 2013, 2015, 2016, 2017, 2019, 2020, 2021, 2023, 2024, 2025. Longest podium streak by any athlete or crew in the classic and sprint singles/doubles events; it also exceeds the longest per-athlete Team/Relay streak (HACKL Georg, 9).

9. Other open series at the latest edition (2025): LANGENHAN Max: Men's Singles medals 2023–2025 (3) with golds 2024–2025 (2). EGLE Selina / KIPP Lara Michaela: Women's Doubles medals 2023–2025 (3) with golds 2024–2025 (2). LOCH Felix and GLEIRSCHER Nico: Men's Singles medals 2024–2025 (2).

10. Sprint series unbroken at the last held sprint (2024): TAUBITZ Julia – Women's Singles Sprint medals 2021, 2023, 2024 (3). LANGENHAN Max – Men's Singles Sprint 2023, 2024 (2). VOETTER Andrea / OBERHOFER Marion – Women's Doubles Sprint 2023, 2024 (2). No singles sprint gold was ever won twice in a row; in doubles sprint only WENDL / ARLT (2016–2017).

11. Doubles Sprint medal streak: 6: WENDL Tobias / ARLT Tobias – every doubles sprint 2016, 2017, 2019, 2020, 2021, 2023 (broken 2024).

12. Nation: Germany in Team/Relay (combined) – every edition since 1991: GER won a medal at all 25 held Team/Relay events 1991–2025 (Team 1991–2007, Relay 2008–2025; 2011 not held) – OPEN. Gold streak (combined): 13, from Team 2000 to Relay 2017 (Team 2000–2007: 6; Relay 2008–2017: 7). Current gold series: Relay 2023–2025 (3, OPEN).

13. Nation: Germany in Women's Singles – 26 out of 26 since 1991: A German woman has reached the podium at every Women's Singles race from 1991 to 2025 (26 editions, OPEN). GER golds: 11 consecutive 1995–2008. German podium sweeps 1999, 2000, 2001, 2003, 2004, 2005, 2007, 2008 (8 consecutive).

14. Nation: East Germany in Men's Doubles: GDR had a crew on the podium at every Men's Doubles race from 1965 to 1990 (18 consecutive editions).

15. Nation: Austria in Men's Singles: AUT has a medallist at every Men's Singles race 2015–2025 (9 consecutive, OPEN).

16. Most World Championship golds and medals (athletes, all events): Most golds: LOCH Felix 14 (14-6-2). Most medals: 22 – LOCH Felix (14-6-2), HACKL Georg (10-10-2), WENDL Tobias and ARLT Tobias (10-7-5 each). Team/Relay medals count once per athlete per podium.

17. Most titles in individual events (singles + doubles, classic + sprint): LOCH Felix 8; EGGERT Toni and BENECKEN Sascha 7 each; ZOEGGELER Armin, WENDL Tobias and ARLT Tobias 6 each.

18. Discipline records: Men's Singles: most golds ZOEGGELER Armin and LOCH Felix (6), most medals HACKL Georg and LOCH Felix (11). Women's Singles: most golds HUEFNER Tatjana (5), most medals GEISENBERGER Natalie (9). Men's Doubles crews: most golds EGGERT / BENECKEN (5), most medals WENDL / ARLT (11).

19. Gold in both singles and doubles: Four men: KOEHLER Thomas (singles 1962, 1967; doubles 1967), NACHMANN Fritz (doubles 1957, 1958; singles 1963), RINN Hans (singles 1973, 1977; doubles 1977, 1980), HILDGARTNER Paul (doubles 1971; singles 1978). KOEHLER (1967) and RINN (1977) won both at the same edition.

20. Singles and doubles medals at the same edition: Achieved 13 times by men – last by HUBER Wilfried in 1993 (bronze in both) – RINN Hans twice (1973, 1977). Plus ISSER Maria 1955 (women's singles + mixed-gender doubles).

21. Three golds at one edition: LOCH Felix 2016 (singles, singles sprint, relay); WENDL Tobias and ARLT Tobias 2016 (doubles, doubles sprint, relay); EGGERT Toni and BENECKEN Sascha 2023 (doubles, doubles sprint, relay); LANGENHAN Max and TAUBITZ Julia 2025 (singles, Mixed Singles, relay). Three medals is the maximum for any athlete at one edition (42 cases).

22. Longest span between first and last medal: PLANKENSTEINER Gerhard (ITA) 20 years: Team gold 1989 to Men's Doubles gold 2009. YAKUSHENKO Nataliya 19 years with two nations: Team bronze 1990 (URS), Women's Singles bronze 2009 (UKR). HACKL Georg 18 years (1987–2005).

23. Clean sweeps: 28 events had all three medals won by one nation: GER 18, GDR 8, POL 1 (Women's Singles 1958), AUT 1 (Women's Singles 1959). Most recent: Women's Singles and Women's Singles Sprint 2023 (GER).

24. Team/Relay athletes: LOCH Felix won 6 consecutive Relay golds 2008, 2009, 2012, 2013, 2015, 2016 (2011 not held). HACKL Georg was on 9 consecutive Team podiums 1991, 1993, 1995, 1996, 1997, 1999, 2000, 2001, 2003 – the longest per-athlete Team/Relay medal streak.

25. Events not awarded: 1959 Men's Doubles and 2011 Team Relay were not held/awarded (2011: cancelled due to technical problems) – no medals, skipped in all streaks.

2034	Utah (USA)	We Slide Forward

CHAPTER 14 — SUSTAINABILITY

Sustainable by design: Five Olympic tracks, one season

The 50th EBERSPÄCHER LUGE WORLD CUP is built on a principle that has shaped FIL strategy for years: existing infrastructure is the most sustainable infrastructure. Five of this season's tracks are Olympic venues: PyeongChang (2018), Yanqing (2022), Cortina d'Ampezzo (2026) and La Plagne (1992, again in 2030) on the World Cup calendar, plus Innsbruck-Igls (1976, reconstructed 2024–26) as host of the World Championships. No new tracks were built for this season. Every venue carries a legacy. Every competition extends it.

This is not a coincidence — it is policy. The FIL's strategic framework "We Slide Forward 2034" explicitly aligns with the IOC's agenda: use existing venues, protect them, and prepare them for the future rather than building new. The 2030 Olympic Winter Games in the French Alps will return to La Plagne. The 2034 Games in Utah will return to the Park City track, which was on the FIL World Cup calendar in 2025/26, takes a break in 2026/27 and returns in 2027/28. The circle of sustainable legacy is designed to keep turning.

Two further examples from this season illustrate the approach. At Königssee — the world's first artificial ice track, built 1968 — a mudslide in July 2021 forced a five-year closure. The Free State of Bavaria invested in a full reconstruction. The track reopened on 11 November 2026 and hosts its first luge World Cup since the reconstruction at the World Cup Final in March 2027. At Innsbruck, the Olympic Sliding Centre underwent its most comprehensive reconstruction since 1976, at a cost of over €30 million, to meet modern FIL Class 1 standards. Both decisions reflect the same conviction: heritage is worth preserving.

The FIL's sustainability work extends beyond venue policy. Main sponsor HARGASSNER supplies CO2-neutral biomass heating systems — a direct contribution to sustainable winter sports infrastructure. The FIL cooperates with the IOC's Sports for Climate Action framework and publishes sustainability reporting through its annual governance cycle.

Key Facts — Complete List

Crystal Globe Overall Standings

HUBER Norbert (ITA) has won the most overall World Cup titles: 11 (3 in singles and 8 in doubles), with 17 overall podium finishes.

In Men's Singles the record is 10 titles, shared by PROCK Markus (AUT) (from 1987/88 to 2001/02) and ZOEGGELER Armin (ITA) (from 1997/98 to 2010/11).

PROCK Markus (AUT) won the longest run of consecutive titles in Men's Singles: 7, from 1990/91 to 1996/97.

LOCH Felix (GER) has won 8 titles in 15 seasons, from his first in 2011/12 to his latest in 2025/26, and holds the record for overall podium finishes in Men's Singles (16: 8 first, 3 second and 5 third places), with 10 consecutive podiums from 2009/10 to 2018/19.

HACKL Georg (FRG/GER) is the man with the most overall podium finishes across singles and doubles (18), but he won only 2 titles (2 first, 9 second and 7 third places).

GEISENBERGER Natalie (GER) holds the Women's Singles records with 8 titles and 14 podiums, and won 7 consecutive titles from 2012/13 to 2018/19.

TAUBITZ Julia (GER) has an open run of 5 consecutive titles in Women's Singles (from 2021/22 to 2025/26) and of 8 consecutive podiums (from 2018/19 to 2025/26), for a career total of 6 titles.

In Women's Singles, Germany has won the title for 28 consecutive seasons (from 1998/99 to 2025/26, open run) and has been on the overall podium for 33 seasons in a row (from 1993/94 to 2025/26).

Women's Singles has seen 19 national 1-2-3 sweeps in the final standings: 18 by Germany and 1 by East Germany (1983/84).

RAFFL Hansjoerg / HUBER Norbert (ITA) are the pair with the most Doubles titles (8), including 5 consecutive titles from 1988/89 to 1992/93.

WENDL Tobias / ARLT Tobias (GER) hold the record for overall podium finishes in Doubles (15: 7 first, 6 second and 2 third places), have won the last two titles (2024/25 and 2025/26, open run) and went 6 seasons without a title between two wins (from 2015/16 to 2022/23).

EGGERT Toni / BENECKEN Sascha (GER) finished on the overall Doubles podium for 12 consecutive seasons, from 2011/12 to 2022/23, winning 6 titles.

The only non-European overall World Cup winners are from the United States, all in Doubles: THORPE Christopher / SHEER Gordon (USA) in 1996/97 and GRIMMETTE Mark / MARTIN Brian (USA) in 1997/98, 1998/99 and 2002/03.

In the Team Relay, Germany has won 19 of the 23 titles contested, including 13 in a row from 2006/07 to 2018/19, and has been on the overall podium without interruption from 2003/04 to 2025/26 (23 seasons); Austria has an open run of 2 titles (2024/25 and 2025/26).

In the overall standings by nation, Germany has 92 titles and 229 overall podium finishes, ahead of Italy (39 titles, 94 podiums) and Austria (25 titles, 91 podiums).

In Men's Singles, Italy is the most successful nation with 20 titles in 49 seasons, ahead of Austria and Germany with 11 each.

In the Sprint standings (from 2015/16 to 2023/24), TAUBITZ Julia (GER) won 5 consecutive titles from 2019/20 to 2023/24, REPILOV Roman (RUS) won 3 in Men's Singles and SICS Andris / SICS Juris (LAT) 3 in Doubles.

The overall, Sprint and Classic titles in the same season were won by LOCH Felix (GER) in 2020/21, LANGENHAN Max (GER) in 2023/24, TAUBITZ Julia (GER) in 2022/23 and 2023/24, STEU Thomas / KOLLER Lorenz (AUT) in 2020/21, and WENDL Tobias / ARLT Tobias (GER) and VOETTER Andrea / OBERHOFER Marion (ITA) in 2022/23.

In Women's Doubles (5 seasons since 2021/22), VOETTER Andrea / OBERHOFER Marion (ITA) and EGLE Selina / KIPP Lara Michaela (AUT) have won 2 titles each, while DEGENHARDT Jessica / ROSENTHAL Cheyenne (GER) have finished on the overall podium in all 5 seasons without ever winning (3 second and 2 third places).

The title has been shared three times: in Men's Singles 1980/81 (HASPINGER Ernst (ITA) and HILDGARTNER Paul (ITA)), in Women's Singles 1983/84 (MARTIN Steffi (GDR) and SCHMIDT Bettina (GDR)) and in the Team Relay 2019/20 (Italy and Russia).

Records Within Reach (open runs and active athletes)

WENDL Tobias / ARLT Tobias (GER) have 7 Doubles titles and an open run of 2 consecutive titles: one more title would draw them level with RAFFL Hansjoerg / HUBER Norbert (ITA) at the top on 8, two would put them ahead; to equal the RAFFL / HUBER record of 5 consecutive titles they need 3 more in a row (4 to break it).

TAUBITZ Julia (GER) has 6 titles and an open run of 5 consecutive titles in Women's Singles: with 2 more consecutive titles (2026/27 and 2027/28) she would equal both the 8 titles and the record of 7 consecutive titles of GEISENBERGER Natalie (GER); with 3 she would surpass both.

Germany already holds the longest run of consecutive titles by a nation in any discipline (28 in Women's Singles, from 1998/99 to 2025/26, compared with Germany's own 13 in the Team Relay): every new title extends the record (29 with the 2026/27 title), as does the open run of 33 consecutive podiums.

Austria has an open run of 2 consecutive Team Relay titles (2024/25 and 2025/26), which are also its only 2 titles: one more would make it the sole second-ranked nation by titles (3, ahead of Italy's 2), while equalling Germany's record of 13 consecutive titles (from 2006/07 to 2018/19) would require another 11 in a row.

LOCH Felix (GER), the reigning 2025/26 champion, has 8 Men's Singles titles: 2 more would equal the 10 of PROCK Markus (AUT) and ZOEGGELER Armin (ITA), 3 would surpass them; 3 more would also equal the 11 titles of HUBER Norbert (ITA), the overall record, and 4 would break it. He also has an open run of 6 consecutive podiums (from 2020/21 to 2025/26).

LANGENHAN Max (GER) has 2 titles (2023/24 and 2024/25) and an open run of 4 consecutive overall podiums (from 2022/23 to 2025/26); together with LOCH Felix (GER) he keeps alive Germany's open run of 3 consecutive Men's Singles titles (from 2023/24 to 2025/26), 4 short of Austria's record of 7 (from 1990/91 to 1996/97).

Individual Race Statistics

Nations: ITALY has 199 World Cup race wins, one short of 200: 100 in Men's Singles (97 classic + 3 sprint), 60 in Men's Doubles, 23 in Women's Singles, 7 in Women's Doubles and 9 in Team Relay; no wins in Mixed Singles or Mixed Doubles. With 607 podiums ITALY ranks behind AUSTRIA (670) on podiums, although AUSTRIA has fewer wins (184).

Nations: 55 nations, plus the Individual Neutral Athletes (AIN, 2025/26, listed separately from RUSSIA), took part with at least one athlete (WEST GERMANY, EAST GERMANY, SOVIET UNION, CZECHOSLOVAKIA and YUGOSLAVIA counted separately); 19 of them reached at least one podium and only 12 won at least one race.

Nations: GERMANY won 687 of the 1,370 race wins (50.1%) and has 1,688 podiums (687 wins, 560 second places, 441 third places).

Races: 1,365 World Cup races from 1977/78 to 2025/26: 393 Men's Singles, 393 Women's Singles, 394 Men's Doubles, 48 Women's Doubles, 126 Team Relay, 6 Mixed Singles and 5 Mixed Doubles; 99 of them were sprint races. 5 dead heats for the win bring the total to 1,370 wins.

Wins / podiums: ARLT Tobias / WENDL Tobias (GER) hold the records for race wins (60) and race podiums (136), in 199 doubles starts.

Wins / podiums: LOCH Felix (GER) and ZOEGGELER Armin (ITA) share the Men's Singles record with 57 wins each: ZOEGGELER in 177 starts (32.2%), LOCH in 194 starts, including 9 sprint wins.

Wins / podiums: GEISENBERGER Natalie (GER) is the most successful woman: 52 wins and 118 podiums in 147 Women's Singles starts, a podium in 80.3% of her races.

Streaks: GERMANY won 105 consecutive Women's Singles races (from 1997/98 IGLS to 2010/11 ALTENBERG) and has 114 German 1-2-3 sweeps in Women's Singles (29% of all Women's Singles races).

Streaks: HUEFNER Tatjana (GER) reached the podium in 31 consecutive races (2007/08 CALGARY to 2010/11 ALTENBERG), won 9 in a row and won 7 of the 8 races of 2007/08.

Streaks: LANGENHAN Max (GER) has the longest Men's Singles winning streak: 10 consecutive wins, from 2022/23 SIGULDA #2 to 2023/24 WINTERBERG.

Best seasons: LOCH Felix (GER) won 9 of 12 races in 2020/21; BENECKEN Sascha / EGGERT Toni (GER) won 10 of 13 in 2017/18.

Participations: HUBER Wilfried (ITA) has the most individual starts: 247 (154 singles + 93 doubles) over 25 seasons, 1985/86–2009/10. NINIS Jozef (SVK) has the most singles starts: 201.

Team events: STRAMATURARU Raluca (ROU) has the most team-event starts: 92 (87 Team Relay + 5 Mixed Doubles), in addition to 147 individual starts. She was in ROMANIA's only Team Relay podium, 3rd at 2023/24 ALTENBERG.

Sprint records: TAUBITZ Julia (GER) has 11 sprint wins in Women's Singles, BENECKEN Sascha / EGGERT Toni (GER) 11 in Men's Doubles, and LOCH Felix (GER) 9 in Men's Singles.

Team Relay: GERMANY won 76 of the 126 Team Relays (60%) and reached the podium in 23 consecutive relays (2009/10 ALTENBERG to 2013/14 IGLS). The first non-European Team Relay win (2004/05 CALGARY) went to the UNITED STATES.

Open streaks after the last race of 2025/26: AUSTRIA has 8 consecutive Team Relay podiums, LOCH Felix (GER) 7 consecutive Men's Singles podiums, and KINDL Wolfgang / STEU Thomas (AUT) 2 consecutive Men's Doubles wins.

Mixed: In Mixed events (since 2024/25) GERMANY won 4 of the 6 Mixed Singles and 4 of the 5 Mixed Doubles races and reached the podium in all 11; AUSTRIA was on the podium in 5 Mixed Singles and 4 Mixed Doubles races.

Editions: 2001/02 had the most nations (34), 1992/93 the most athletes (211); 1978/79 had the fewest of both (12 nations, 98 athletes).

First non-European winners: WARNER Bonny (USA) in Women's Singles (1986/87 LAKE PLACID) and KENNEDY Duncan (USA) in Men's Singles (1991/92 SIGULDA).

Women's Doubles (since 2021/22): EGLE Selina / KIPP Lara Michaela (AUT) lead with 18 wins in 42 starts (42.9%), won 7 of the 9 races of 2024/25 and reached the podium in 15 consecutive races.
