

FIL Luge School Guidelines

1. Each NF may send a maximum of 3 athletes and 1 adult chaperone/coach to a Luge School at no cost.
2. The FIL will pay the accommodation and track fee expenses for a maximum of 3 athletes and 1 adult chaperone/coach from each NF. Additional athletes may attend at the NF's expense *if space is available* and must first be approved by the FIL Development Manager. Please have a form of payment available at the conclusion of the school to pay for the expenses of any athletes over 3.
3. NFs with 3 or more athletes attending a Luge School are required to also send an adult chaperone/coach.
4. NFs must register the number of athletes, their names and ages a minimum of 4 weeks in advance of the Luge School. Any changes, late notifications or hotel cancelations that incur a financial penalty will be the responsibility of the athlete/NF. Athletes cannot be accepted with less than 4 weeks notice.
5. Brand new or very inexperienced athletes must attend the Luge School in order to participate with FIL Group 2 in any upcoming training weeks or JWCs that season. (Unless otherwise certified in writing by a coach that they have received the proper training in luge).
6. Each NF will be responsible for making and paying for the travel arrangements for their athletes attending a Luge School. Travel plans must include transportation to the hotel as their final destination.
7. Any intentional or unintentional physical damage to the property of any venue used during the Luge School, including hotels, luge track, training facilities etc., will be paid for by the individual(s) involved.
