

LUGE – ITW SIGULDA / COVID-19 Information

A foreign athlete, sport employees who entering from a country, that is subject to special precautionary measures due to a high number of confirmed COVID-19 cases and their country listed in the risk countries (the list of countries also can be viewed on the website of Latvian Center for Disease Prevention and Control), should present a document, that they have undergone TWO laboratory testings for the diagnostics of COVID-19 and both diagnostic test results must be negative.

One testing should be done not earlier than THREE days before arrival in the country and the other one testing should be done ONE day AFTER arrival in the country.

If a foreign athlete stays in Latvia more than 5 days due to his/her participation in an international sport event, it would be necessary for a repeat COVID-19 testing.

Testing for COVID-19 could be done in Sigulda, but the number of persons to be tested should be preannounced, so as date of their arrival.

Should you have any questions, feel free to call +37129185351 – Inga Reiniņa

If the patient is not a citizen or a residence permit holder and has no Covid-19 symptoms, the test costs 59 EUR. With symptoms the test is free.
